Item 3 - Development of a global accounting curriculum and other qualification requirements

5. At its fifteenth session, the Intergovernmental Working Group of Experts (ISAR) decided to devote its sixteenth session on the development of a global accounting curriculum and other qualification requirements for professional accountants (TD/B/COM.2/ISAR/3.Annex II). It considered that work was well advanced on this topic and that, given the progress at the World Trade Organization on accounting disciplines, it was necessary to produce a global curriculum which could serve as a benchmark and would cut the time and cost of negotiating mutual recognition agreements. It therefore requested UNCTAD to continue its work on the development of a global curriculum, as well as on other requirements for professional accountants, in cooperation with other relevant bodies such as the International Federation of Accountants, the Arab Society of Certified Accountants, and the Association of Chartered Certified Accountants. It further requested that UNCTAD report back at its sixteenth session.

Item 4 - Other business

6. Under "other business", a number of diverse topics can be raised, some of a substantive nature and others of a follow-up nature on the ongoing activities of the Intergovernmental Working Group and other international organizations. For example, at its nineteenth executive session on 15 December 1998, the Trade and Development Board requested that ISAR conduct a self-assessment of the functioning of ISAR.

Item 5 - Provisional agenda for the seventeenth session

7. The provisional agenda for the seventeenth session will be discussed in the light of the deliberations of the sixteenth session, as well as previous sessions.

Item 6 - Adoption of the report of the Intergovernmental Working Group on its sixteenth session

8. The Intergovernmental Working Group may wish to adopt agreed conclusions, as it deems necessary. The Chairperson may wish to produce a Chairperson's summary. The final report will be compiled under the authority of the Chairperson after the conclusion of the session. It will be submitted to the Commission on Investment, Technology and Related Financial Issues at its fourth session.
