TRANSNATIONAL CORPORATIONS

United Nations

United Nations Conference on Trade and Development
Division on Investment, Technology and Enterprise Development

Editorial statement

Transnational Corporations (which replaces *The CTC Reporter*) is a refereed journal published three times a year by UNCTAD. In the past, the Programme on Transnational Corporations was carried out by the United Nations Centre on Transnational Corporations (1975-1992) and by the Transnational Corporations and Management Division of the United Nations Department of Economic and Social Development (1992-1993). The basic objective of this journal is to publish articles and research notes that provide insights into the economic, legal, social and cultural impacts of transnational corporations in an increasingly global economy and the policy implications that arise therefrom. It focuses especially on political-economy issues related to transnational corporations. In addition, *Transnational Corporations* features book reviews. The journal welcomes contributions from the academic community, policy makers and staff members of research institutions and international organizations. Guidelines for contributors are given at the end of this issue.

Editor: Karl P. Sauvant

Note

The opinions expressed in this publication are those of the authors and do not necessarily reflect the views of the United Nations. The term “country” as used in this journal also refers, as appropriate, to territories or areas; the designations employed and the presentation of the material do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. In addition, the designations of country groups are intended solely for statistical or analytical convenience and do not necessarily express a judgement about the stage of development reached by a particular country or area in the development process.
