### **Editorial statement**

*Transnational Corporations* (which replaces *The CTC Reporter*) is a refereed journal published three times a year by the UNCTAD Programme on Transnational Corporations. In the past, the Programme on Transnational Corporations was carried out by the United Nations Centre on Transnational Corporations (1975-1992) and by the Transnational Corporations and Management Division of the United Nations Department of Economic and Social Development (1992-1993). The basic objective of the journal is to publish articles that provide insights on the economic, legal, social and cultural impacts of transnational corporations in an increasingly global economy and the policy implications that arise therefrom. It focuses especially on political-economy issues related to transnational corporations. In addition to articles, *Transnational Corporations* features book reviews. The journal welcomes contributions from the academic community, policy makers and staff members of research institutions and international organizations.

Editor: Karl P. Sauvant

Associate editors: Richard Kozul-Wright and Fiorina Mugione
