### Notes

- All references to dollars (\$) are to United States dollars.
- Amounts in brackets indicate a negative value.
- OPC means "operationally but not financially completed".
- Details and percentages do not necessarily add up to totals, owing to rounding.
- The financial data in the tables on projects reflect the situation as at 31 December 2001. Occasionally, total expenditures exceed total budget. Early in 2002, budget figures were adjusted to reflect exact income. The negative amounts in the 2001 expenditures column pertain to the adjustments of prior year accounts and/or savings on the liquidation of the prior year's obligations.
