

**The overall review of WSIS and its  
implications to the  
implementation and follow up to  
the Summit Outcomes**

# **A Latin American Perspective**

**Olga Cavalli**  
Argentina

# Latin America and WSIS

- **IGF: Caribbean IGF, LAC IGF, national forums and dialogue spaces**
- **Digital Divide: National connectivity plans + computers for students**
- **IG: more participation from different stakeholders**
- **eLAC: Regional Plan of Action for the Information Society**
  - **Regional working groups: Internet Governance, Education, eHealth, telework, gender, ICT industry, e-waste**
  - **Since 2005 renewed plan every two years, WSIS prize award**

# Where we are?

- **Regional average Internet penetration: 56 %**
- **Better than world average**
- **Students empowered with computers**
- **New gaps:**
  - **Internet access**
  - **Mobile access**
  - **IPV6 readiness**
  - **IoT implementation**

# What about the infrastructure?

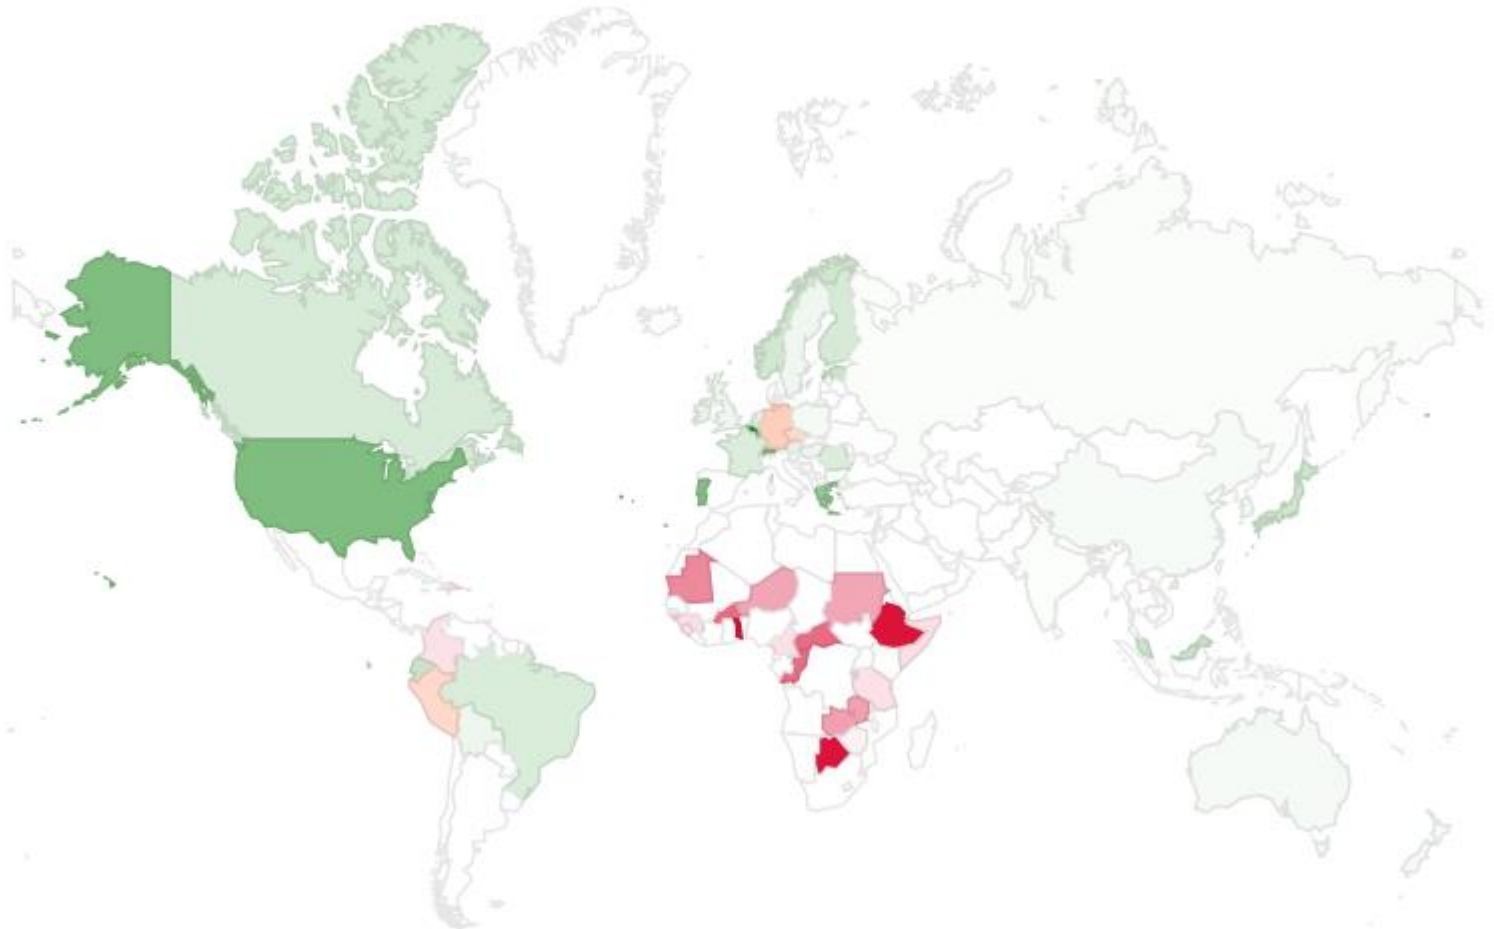

## IPv6 Adoption

We are continuously measuring the availability of IPv6 connectivity among Google users. The graph shows the percentage of users that access Google over IPv6.

# IPV6 Adoption: developed and developing countries

Per-Country IPv6 adoption

# Challenges

**Internet access for all + good quality + mobility**

**Infrastructure readiness: connectivity, IPV6, IoT**

**Internet Governance debates: All stakeholders + countries**

**Gender balance: ICT usage + Leadership roles**

**Sustainable environment + development**

**Privacy, neutrality, security, freedom of expression**

**Capacity building -Multistakeholder dialogue - Lower barriers for participation: language, remote**

**Many thanks!**

**Muchas gracias!**
