

Multi-year Expert Meeting on Transport, Trade Logistics and Trade Facilitation

Sustainable Freight Transport Systems: Opportunities for Developing Countries

14-16 October 2015

EMPOWERING THE TRANSPORT SECTOR IN A FORTHCOMING GLOBAL CLIMATE AGREEMENT

by

Mr. Cornie Huizenga

Secretary General

Partnership on Sustainable, Low Carbon Transport (SLoCaT)

16 October 2015

This expert paper is reproduced by the UNCTAD secretariat in the form and language in which it has been received.
The views expressed are those of the author and do not necessarily reflect the view of the United Nations.

AMBITIOUS ACTION on *Transport and* *Climate Change* FEASIBLE NOW

Empowering the transport sector in a forthcoming global climate agreement

*Cornie Huizenga, Secretary General,
SLoCaT Partnership*

- 16 October, 2015 -

SLoCaT Partnership

**90+ Members: International Organizations – Government – Development Banks
– NGOs – Private Sector - Academe**

**Mission: Integrate Sustainable Transport in Global Policies on Sustainable
Development and Climate Change**

**SLoCaT Foundation: Established in 2014 with sole objective to support the
functioning of the SLoCaT Partnership**

VREF

Partnership Lessons Learned

- Convincing narrative
- Strategic alliances: MDBs – Transport Sector
- Quick, big wins - \$175 billion Rio+20 Voluntary Commitment (2012)
- Strategic opportunities Rio+20, COP21, Habitat III
- Long March through the (UN) institutions – governments instrumental in scaling up
- Think (stepwise) big
- Willing to give up ego
- Accept high transaction costs – multiple funders

Next

- 2015 Consensus on Sustainable Development and Climate Change
- 2016 Implementation focus
- Partnerships will need to change approach from global advocacy to working with countries
- Implementation requires: Knowledge – Policy – Finance
- Multiple interlinked stakeholder alliances bringing on board governments + business sector
- **Key is having an anchor in the UN UNCTAD?**
