RELIABLE TRACEABILITY SYSTEMS  
FOR MANAGING INTERNATIONAL  
TRADE OF PYTHON SKINS**

**UNCTAD/CITES**  
**Round Table on Traceability  
System at CITES CoP16**

The objective of this round table is to provide a platform to gather comments and inputs by a selected group of relevant stakeholders in preparation for the UNCTAD/CITES traceability scoping study for trade and sustainable sourcing of reptile skins. The round table will also serve as a space to promote higher levels of confidence over effective sustainable management systems for trade of CITES listed species.
