Promoting cotton by-products in Eastern and Southern Africa (ESA)

UN Development Account Project 1617K

Implemented by UNCTAD in partnership with COMESA and UNECA

Ms. Yanchun Zhang
Chief
Commodity Policy Implementation and Outreach Section
Special Unit on Commodities

15-17 November 2017
Dar es Salaam, Tanzania
UNCTAD’s services

1. Analytical reports and statistics on trade, investment and development topics, including commodities
2. Policy advice to national governments
3. Training and capacity building activities at country and regional levels
4. Multi-stakeholder consensus-building activities, assembling: governments, private sector, civil society, academia and others
UNCTAD’s TC services

1. Developing value added activities in its commodity sector;
2. Establishing development linkages between the commodity sector and the wider economy;
3. Diversifying to non-commodity activities; and
4. Integrating into global and regional value chains.

To respond to the identified needs, UNCTAD and the country plan a programme of activities that may include: workshops, training, advisory services, policy analyses, consensus-building events and information services.
Introduction to the project

- **Name:** Promoting cotton by-products in Eastern and Southern Africa (ESA) – Project 1617K

- **Beneficiary countries:** Tanzania, Uganda, Zimbabwe and Zambia

- **Start date:** March 2016  
  **End date:** December 2019

- **Funding source:** UN Development Account, 10th tranche

- **Implementing agency:** UN Conference on Trade and Development (UNCTAD) – Special Unit on Commodities

- **Partners:** United Nations Economic Commission for Africa (UNECA)  
  Common Market for Eastern and Southern Africa (COMESA)
Overall objective:

Strengthen the capacity of beneficiary countries in the COMESA region to assess the economic viability of the development of cotton by-products and formulate evidence-based policies that promote value addition activities.

Expected accomplishment 1:

Improved capacity of cotton value chain stakeholders (government officials, the private sector and farmers) to assess the potential value, market situation and prospects for cotton by-products.

Expected accomplishment 2:

Improved capacity of policymakers to (a) formulate evidence-based policies that improve the value added of cotton by-products; and (b) devise investment profiles to attract potential investors.
**Overview of activities**

**Expected accomplishment 1:**

Improved capacity of cotton value chain stakeholders (government officials, the private sector and farmers) to assess the potential value, market situation and prospects for cotton by-products.

UN Development Account projects

1. Key conditions
   - a capacity development programme of the United Nations Secretariat;
   - adopting a medium to long-term approach helping countries to better integrate social, economic and environmental strategies to achieve the SDGs;
   - supporting pilot projects that test new ideas and eventually scale them up through supplementary funding;
   - emphasizing on integration of national expertise in the projects to ensure national ownership and sustainability of project outcomes.

2. Operational constraints
   • Project managed in Geneva, with oversight from New York
   • No transfer of funds to country based focal points
   • All activities subject to standard UN rules and regulations and not to country practices
Project approaches

- Integrated approach
- Inclusive participation
- Inter-agency collaboration
- South-South cooperation
Overall objective:

Solicit stakeholder input on project’s scope, objectives and activities.

Specific objectives:

• Collect stakeholder input on project deliverables (e.g. survey and investment profile) and implementation methodology;

• Identify qualified institutions or individuals to conduct a survey on cotton by-products;

• Discuss with the Investment Authority on the potential for attracting investment to develop cotton by-product value chains;

• To raise awareness of the project among key stakeholders.
Three-day national capacity-building workshop

• The project commissioned a survey on cotton by-products in the country (Activity 1.1). The survey findings and final report will inform the project’s subsequent activities, including a.

• The workshop will comprise
  – a two-day programme on 15-16 November for stakeholders to identify opportunities in cotton by-products and devise strategies to realise them (A 1.3),
  – followed by a one-day workshop on 17 November for policymakers to identify policies to support these strategies (A 2.1).
<table>

<tr>
<th>Expected project achievements</th>
<th>Indicators</th>
<th>Expected outcomes from the stakeholder workshop (A 1.3)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>EA1</strong></td>
<td><strong>IA 1.1</strong> Tanzania has collected and analysed statistics on the cotton by-products value chain, including the availability of raw material, processing and market conditions of these by-products (i.e., cotton seed and/or stalk). <strong>IA 1.2</strong> Tanzania has developed and adopted a national action plan, aiming to increase the value added of cotton by-products.</td>
<td>(i) Disseminate the survey findings (A1.1); (ii) Build capacity of cotton value chain stakeholders to evaluate investment opportunities and the market potential for value addition to cotton by-products; (iii) Agree on the key elements of a national action plan to add more value to cotton by-products, including the evidence-based policies and investment profiles planned for this project; and (iv) Discuss and establish a multi-stakeholder committee to monitor the implementation of the action plan.</td>
