Report an obstacle
Report the obstacles you face when exporting or importing your products and let the responsible authorities find a solution.

Set up your alerts
Get timely updates on the problems faced by other trade operators in the markets and product categories you are interested in.

View the reports
See the obstacle reports submitted to date and understand what the main concerns are for trade operators.

The Trade Obstacles Alert (TOA) platform allows trade operators to alert the relevant authorities of the obstacles they face and enables policymakers to resolve them.

ITC/WTO/UNDESA Eping SPS notification alert mechanism

ePing SPS & TBT notification alert system

search notifications enquiry points help

Keep track of product requirements in foreign markets

About ePing
Governments establish product requirements to achieve policy objectives such as the protection of human health or the environment. They create unnecessary obstacles to international trade. WTO Members are required to notify other Members before adopting new measures if they have comments. ePing enables timely access to these notifications and facilitates dialogue amongst the public and private sector in addressing them.

Search notifications
Search SPS and TBT notifications using criteria such as products and objectives
