Agenda Item 3. Enhancing comparability of sustainability reporting: Selection of core indicators for company reporting on the contribution towards the attainment of the Sustainable Development Goals

Presented by

Neil Stevenson
Managing Director, Global Implementation
International Integrated Reporting Council
Integrated Reporting and the SDGs

Neil Stevenson
The International Integrated Reporting Council
The SDGs... tackle the root causes of poverty and unite us together to make a positive change for both people and planet. 

United Nations Development Programme

We must have the courage to strike out in new directions and embrace an economic model which is not only low-carbon and environmentally sustainable, but also turns poverty, inequality and lack of financial access into new market opportunities for smart, progressive, profit-oriented companies.

Business and Sustainable Development Commission (2017, p7)

The 2030 Agenda for Sustainable Development recognizes international trade as an engine for inclusive economic growth and poverty reduction, and an important means to achieve the Sustainable Development Goals (SDGs).

UNCTAD
Organizations can enhance their contribution to the SDGs through integrated thinking and by using their integrated reports to communicate this - demonstrating how they have responded to the risks and opportunities of sustainable development.
The role of <IR> in sustainable development

- Multi-capitals
- Strategy and business model focus
- Connectivity and trade offs
- Value for the organisation, value for others
- Alignment through Corporate Reporting Dialogue
Aligning the SDGs with the value creation process
