

eDiscussion on eCommerce

10 March – 2 April 2017

eDiscussion Topics

- 1. Youth Employment in the Digital Economy**
- 2. Financial technology services for youth-led start-up and businesses**
- 3. Supporting mechanisms for e-commerce entrepreneurship and self-employment**

Topic 1:

Youth Employment in the Digital Economy

- What are the actions that policy-makers need to urgently take to respond to the demands of the global workforce in the digital economy?
- What are the skills that we need to adapt to this changing landscape?
- What is the role of the private sector in youth employment?

Topic 2:

Financial technology services for youth-led start-up and businesses

- Do you consider that your working environment allows you to take full benefit of financial technologies, and if not, what needs to change?
- Is financial technology affordable in your country?
- Are you developing products related to financial technologies and does your working environment allow you to grow? What are the challenges you face?

Topic 3

Supporting mechanisms for e-commerce entrepreneurship and self-employment

- Are there e-commerce networking platforms to engage with policy-makers and business leaders in your country?
- Are information technology and innovation initiatives for e-commers through incubators, accelerators, technology hubs and science parks made available to you?
- Where does funding for e-commerce innovation stand?
