Q3 (including Q2) held on 12 December 2019 – 30 participants, representing 15 members.

Meetings format: Currently, the meetings are Ad hoc and Quarterly.

Gender:

Percentage of female in the committee: Currently 5 of 26 members are women (19%).

NB: The Membership is entirely dependent on the incumbent's role as Principal Secretary, CEO or Commissioner General at their respective organizations.

Chairman / President / Vice-president is female: The current incumbents for co-chairs are all male.

Committee did decide on gender mainstreaming TF in the past: Not yet. However, the attendance registers for all Committee related work have incorporated the gender column.

The National Trade Facilitation Programme aims at non-discriminatory treatment, in support SMEs – which are concentrated with women.

If no, why not. (Example: It not considered a priority, not considered relevant at this stage, lack of awareness, etc): Discussions on the subject have been initiated at the NTFC level during the UNCTAD Empowerment Programme Module 2, held in June 2019.

If no, explain future plan in this area.: The Secretariat will endeavour to include the gender

mainstreaming in the Agenda for the NTFC for further discussions and policy recommendations.

Promotion / Communication:

Communication channels to keep stakeholders informed of TF meetings: The NTFC

Secretariat is responsible to keep all stakeholders informed. The following has been adopted and instituted:

- Invitations, reports, minutes, documents and all trade facilitation related information are currently circulated to stakeholders via email and availed to all stakeholders through the eswatintfcsecretariat@gmail.com, Google Drive Link:

https://drive.google.com/drive/u/1/folders/1M7SnGSWVh44Rof-8ZcntvSBzjsXji_qP.

- Annual NTFC Calendar of Meetings availed to all NTFC Members.

- Preparations to establish an advanced and interactive online information sharing platform and a website for Eswatini NTFC underway.

- Development of a Communication and Visibility Strategy under consideration.

Interface with other working groups/committees on similar issues: The governance structure for the National Trade Facilitation Committee is such that all trade facilitation related activities, initiatives that are being implemented in different agencies and Technical Committees feed into the National Trade Facilitation Committee.

Undertake information sessions to stakeholders or general public: The Secretariat undertakes consultations with particular stakeholders from all organisational levels regarding the WTO Trade Facilitation Agreement, National Trade Facilitation Committee, National Trade Facilitation Roadmap and the overall Trade Facilitation Programme in the country. Special information sessions form part of the work plan for the National Trade Facilitation Committee – National Trade Facilitation Roadmap – including activities on development of a communication strategy.

Benefits:

Impact: The work of the National Trade Facilitation Committee with its Secretariat has enabled effective coordination of trade facilitation stakeholders and created a structured approach for the implementation of trade facilitation initiatives in the Kingdom of Eswatini. Officials have been appointed by the relevant agencies to Project Teams formed to drive implementation of the National Trade Facilitation Roadmap.

Benefits for the country's responsiveness to the WTO negotiation process: It is envisaged that in the future, the responsiveness of the Kingdom of Eswatini to the WTO Negotiations will improve based on the contribution that will emanate from the National Trade Facilitation Committee mandate as a multi-agency entity.

Concrete operational outcomes: Yes, such as the following, which has been delivered as part of

UN REPOSITORY ON NATIONAL TRADE FACILITATION COMMITTEES

the National Trade Facilitation Committee work:

- The National Trade Facilitation Committee, with its Secretariat, is a gazetted national body.
- The Time Release Study 2018 was conducted through support from the WBG-IFC.
- Secured Cabinet's approval to develop the Trade Information Portal.
- The National Trade Facilitation Committee collaboratively drafted and finalised Category C notifications in July 2019. During this process, two provisions were shifted from C to B, where, after further deliberations, the Committee considered these provisions can be implemented within the country's capacity. The provisions are: Article 5.2 on Detention and 7.1 on Pre-arrival Processing. After this exercise, the notification on definitive dates for implementation of Category C, the progress on technical assistance received were notified to the WTO before 22nd August 2019 by the Ministry of Commerce, Industry and Trade. The shift of the two provisions from C to B was also notified.
- In April 2019, the National Trade Facilitation Committee and key trade facilitation stakeholder agencies, including the private sector, developed and adopted a National Trade Facilitation Roadmap 2019-2022.
- Upon adoption of the Roadmap, the National Trade Facilitation Committee established and formally appointed technical working groups (Project Teams) to drive implementation of the seven strategic initiatives outlined within the National Trade Facilitation Roadmap. A strong buy-in and support from the government ministries, departments, agencies and the private sector institutions has been evident in this regard as they officially committed their resources/staff to the implementation of the ENTFR.
- The National Trade Facilitation Committee has also appointed lead agencies for the various projects of the National Trade Facilitation Roadmap.
- The Technical Task Teams successfully developed detailed implementation plans for the different projects within the Trade Facilitation Roadmap, pending funding to enable implementation of the plans.
- The IFC provided support to the Kingdom of Eswatini in strengthening Customs Risk Management where risk profiling practices is under improvement and management of the risk engine coupled with utilization of the risk engine report to inform decision-making were initiated.
- In preparation for the implementation of the Eswatini National Single Window (ENSW) the IFC supported Eswatini to socialize the ENSW blue print to the Project Team members and key stakeholders.
- All Project Teams have successfully met at least twice since final appointments in July 2019, to consider their scope of work and develop detailed implementation plans.
- The Committee technical task team on Regional Integration started to engage with the Republic of South Africa in preparation for the implementation of a proposed One Stop Border Post at Ngwenya

- Oshoek Border. Meetings between the Joint Technical Working Group (Eswatini and South Africa) have commenced.
- The Eswatini National Trade Facilitation Committee has completed the implementation of the UNCTAD Empowerment Programme with a total of 8 Trained Trainers.
- The IFC-WBG Team in collaboration with the Eswatini Based STC have defined and agreed on the Trade logistic Indicators that will be used to track and measure performance of the Trade Facilitation aspects of the programme.
- National Trade Facilitation Committee have drafted a Monitoring and Evaluation plan; Knowledge Management Strategy and Budget Estimate for the implementation of the Eswatini Trade Facilitation Roadmap with support from UNCTAD, during the Empowerment Programme.
- Efforts on streamlining of the Technical Committees on Trade Facilitation (SPS, TBT and NTB committees) to the National Trade Facilitation Committee is a standing agenda item for National Trade Facilitation Committee meetings.
- The National Trade Facilitation Committee approved the reviewed Terms of References for the Joint Border Management Committee, which now reports to the National Trade Facilitation Committee.

Lessons learned:

Success factors: -Political will and leadership support.

- Stakeholder's buy-in and ownership.
- Availability of financial & human resources .
- Availability of enabling legal framework.
- Leveraging of resources.
- Willingness to collaborate and share responsibilities.
- Innovation and Creativity.
- Collective bargaining and resource mobilization.
- Strategic alignment at organisational and national level.

Greatest obstacles: -Lack of dedicated budget for the operations of National Trade Facilitation Committee and its Secretariat.

- Lack of funding for the trade facilitation initiatives outlined within the Roadmap, and the lack of budget for Project Teams driving the implementation of the initiatives.
- Inconsistent participation of National Trade Facilitation Committee Members.

Lessons learned from your experience: Success in the implementation of the WTO TFA and other national TF initiatives requires political-will, stakeholder buy-in, financial commitment and appropriate governance structures right from the onset. This requires active change management at all levels.
