

6th UNCTAD Trade Policy Dialogue: Applying a Gender Lens to Financial Inclusion

Wednesday, 28 April 2021, ONLINE, 2.30–4 p.m. CET

PROGRAMME

This Trade Policy Dialogue will address the gender dimensions of financial inclusion. It will provide a forum to exchange recent experiences and views on applying a gender lens to financial inclusion. The discussion will focus on innovative policies, initiatives and measures, with a view to identifying further needs, gaps and bottlenecks as well as implications for future action.

Questions

- What are some of the recent innovative models to bridge the gender gap in financial inclusion? What are the lessons learnt?
- What are the most significant gaps and bottlenecks that need to be tackled going forward? What national policies and international cooperation are needed? How can international organisations such as the UN contribute to addressing these challenges?
