

Thirteenth Meeting of the UNCTAD Research Partnership Platform

Wednesday, 20 July 2022

10:00 - 12:00 CEST

Palais des Nations, Room XVII (First floor) and online

UNCTAD is currently revamping its Research Partnership Platform (RPP) and seeks to reinforce the collaboration with its research partners.

This year's Research Partnership Platform (RPP) meeting will consist of three sessions. The first session will be devoted to the relationship between consumer protection and sustainability policies. Speakers will share their views on how these issues contribute to the achievement of the United Nations Agenda 2030 on Sustainable Development.

In the second session, we will present the new project that will be conducted within the framework of the RPP.

In the last session, speakers will address emerging issues related to the New Brandeis movement/Ordo-liberalism and the impact of this movement on the enforcement of competition policy worldwide. In particular, the presentations will focus on the operational implications of this new approach that includes social parameters and sustainability for the enforcement of competition law and policy in the emerging and developing economies.

Thirteenth Meeting of the UNCTAD Research Partnership Platform

Wednesday, 20 July 2022
