

Port of Bridgetown

DEVELOPMENT PLANS

Building efficiency and competitiveness

Ian F. Stewart

Divisional Manager, Operations

BARBADOS
PORT INC.

KEY FACTS

About Us

WE WILL BE THE MOST INNOVATIVE MARITIME HUB IN THE WORLD BY 2030.

An award-winning, full service, international trade seaport and managed by Barbados Port Inc.

We are by comparison a small port, but more important than our size is the diversity of our portfolio.

All major cruise lines have chosen the Port of Bridgetown as a port of call and from among them, an impressive listing have chosen us for homeporting operations.

BARBADOS
PORT INC.

KEY FACTS

About Us

Our terminal handles all major categories of cargo including:

- Containers (incl. imports and exports of food and beverage products, consumer goods such as furniture, appliances, etc.)
- Liquid bulk (incl. petroleum, molasses, etc.)
- Dry bulk (incl., grain, cement, gravel etc.)
- Break-bulk (incl. agricultural produce, and other goods intended for the manufacturing, processing and distribution sectors)
