<b>Notes</b>	
All references to dollars (\$) are to United States dollars.	
Details and percentages do not necessarily add up to the totals shown because of rounding.	
The financial data in the tables on projects reflect the situation as at 31 December 2012. Early in 2012, budget figures were adjusted to reflect exact income. The negative amounts in the 2012 expenditures column pertain to the adjustments of prior year accounts and/or savings on the liquidation of the prior year's obligations.	
Total income 2009–2012 is defined as contributions received within that period. In the case of projects financed by the United Nations Development Programme (UNDP), total incomes equal total expenditures.	
Allotment is defined as funding of budget for the year.	
For abbreviations, please see TD/B/WP/253/Add.1.
