

Draft Programme

High-level Dialogue on the Implementation of the Holistic Productive Capacities
Development Programme for Kenya

Radisson Blu Hotel (Upper Hill)

(Nairobi, Kenya, 16 August 2023)

The event is devoted to a high-level exchange of views on the sequencing and technical implementation of the Holistic Productive Capacities Development Programme for Kenya, which results from a careful assessment of the Country's gaps and limitations in fostering productive capacities and structural economic transformation. The Holistic Programme builds on evidence-based and data-driven assessments using the Productive Capacities Index (PCI) and a closer examination of Kenya's policy, institutional, and regulatory frameworks, which provided the basis for formulating the National Productive Capacities Gap Assessment (NPCGA) for Kenya. The Programme is designed to tap the comparative advantages of the Country and relieve the key binding constraints to its development as articulated in the NPCGA. The aim is to exchange views on the way forward in sequencing and operationalizing the key pillars of the Programme and its contribution to achieving the objectives of Kenya Vision 2030, the country's long-term development strategy, the Bottom-Up Economic Transformation Agenda and to ensure the inclusive, sustainable, and green development of Kenya.

Master of Ceremonies & Moderator: Terryanne Chebet, CNBC Africa
