(Nairobi, Kenya, 16-17 May 2023)

DAY 1: Tuesday, 16 May 2023

08:30 - 09:00 Registration

09:00 - 10:00 Session I: Opening Session

Policy Implications of Kenya's National Productive Capacities Gap Assessment (NPCGA): Challenges, opportunities, and prospects for structural economic transformation

This session provides the policy context and the background on Kenya's National Productive Capacities Gap Assessment (NPCGA) and its implications for fostering productive capacities in Kenya for structural economic transformation, sustained economic growth and development therein. The session provides opportunities to elaborate on the conceptual foundation and the policy context of the NPCGA and highlight the objectives, expected outcomes and policy implications of the high-level launch of the country's NPCGA and the holistic programme of interventions. The session will also outline the Government's strategy to mobilise all productive resources and to establish a development partnership for socioeconomic resilience-building, inclusive growth, and sustainable development in the context of the medium- to long-term vision of the country.

09:00 - 09:10 Welcoming remarks: **Mr. Kenneth Mwige, Director-General, Kenya Vision 2030 Delivery Secretariat**

09:10 - 09:20 Opening Statement: **Mr. Paul Akiwumi, Director, Division for Africa, LDCs and Special Programmes, UNCTAD**

DAY II: Thursday, 17 March 2023

Day II will be devoted to discussing the UNCTAD Holistic Productive Capacities Development Programme for Kenya, which results from a careful assessment of the country's gaps and limitations in fostering productive capacities and structural economic transformation. The Holistic Programme builds on evidence-based and data-driven assessments using the Productive Capacities Index (PCI) which gave the basis for the formulating of the National Productive Capacities Gap Assessment (NPCGA) for Kenya. The Programme is designed to tap the comparative advantages of Kenya and relieve the key binding constraints to country's development as articulated in the NPCGA. The aim is to exchange views on the way forward in key pillars of the Programme and its contribution to the achievement of the objectives of Kenya Vision 2030, to the long-term development strategy and to ensure inclusive, sustainable, and green development. The discussions in session IV and V will be structured along the clusters of key interlinked pillars: (I) Economic diversification, industrialisation, and value addition, (II) Infrastructure (including energy) and natural environment; (III) ICT for digitalization and transformation; (IV) Private sector, (V) Skills formation and improved policy coordination.
