## NOTIFICATION

### **Building port resilience against pandemics TrainForTrade online course**

6–31 March 2023

The UNCTAD secretariat is pleased to announce that a Train for Trade programme (TrainForTrade) special course on building port resilience against pandemics will be held online from 6 to 31 March 2023 in English, French and Spanish.

The course combines online sessions, simulation exercises and a webinar. The aim of the course is to support port authorities and operators in facing and acting against the potential spread of infectious diseases, to keep ports safe and operational during pandemics, and to facilitate the implementation of protocols in order to ensure the health and safety of workers and cargo flow continuity.

The UNCTAD secretariat invites permanent missions who follow matters pertaining to UNCTAD and/or the World Trade Organization and relevant institutions from member States to attend this course. Officials may register at <https://tft-reg.unctad.org>, then select one of the following:

<b>Course in selected language</b>	<b>Access code</b>
Building port resilience against pandemics special course	BPR2023EN
Développer la résilience des ports contre les pandémies	BPR2023FR
