

Building tomorrow's fintech leaders today

Delivered by UNCTAD with supporting partners at national level, FintechHub aims to build the next generation of fintech innovators and foster a robust startup ecosystem by enhancing entrepreneurial capacities and leveraging the latest technological trends.

Get ready for the Empretec FintechHub workshop:

- **Create a winning business model:** develop scalable, sustainable business models that drive growth and meet consumer needs effectively.
- **Bring your idea to the market:** fine-tune your business idea to meet real-world demands, and develop a comprehensive go-to-market strategy.
- **Develop key entrepreneurial skills:** Strengthen core behavioral competencies that will empower your entrepreneurial journey.
- **Master fundraising and your pitching skills:** learn how to present your ideas and vision effectively to attract investor support.
- **Learn about latest technological trends and fintech innovations:** discover trends in the financial technology sector to stay ahead of the curve.

The workshop is led by Empretec-certified trainers, international tech founders and leaders from the fintech sector.

Join the workshop to learn from top fintech pioneers, network with fellow entrepreneurs and make your business idea thrive.
