2 Parallel
panels:

Panel 1: Discussion: New Global Challenges and Opportunities for SEZs

The landscape of foreign direct investment (FDI) and international trade is undergoing significant transformation. Cascading global crises persist as geographical and investment relationships are becoming more uncertain. SEZs face the urgent task of adapting to broader economic shifts, changing investment trends and global trend patterns. Panelists representing SEZs from across the globe will share their different perspectives on the key, urgent issues for the SEZ community and innovative strategies to address them.

Moderator: **Dr. Samir Hamrouni**, CEO of World Free Zones Organization and Co-Chair of GASEZ

Ms. Kelli-Dawn Hamilton, CEO, Jamaica Special Economic Zones Authority

Mr. Julio Rodriguez, Executive Director, AZFA

Mr. Mingwei Zhang, Deputy Director, Administrative Committee, Luoyang Economic and Technological Development Zone

Panel 2: Global Green Trade and Investment

Experts and representatives from SEZs will share their practical experiences and insights on promoting green trade and investment within these zones, aiming to drive economic growth, technological innovation, and environmental protection.

Moderator: **Dr. Bo Bai**, Executive Chairman and Co-Founder of MVGX Holdings, Executive Chairman of Asia Green Fund

Mr. Zhang Zhaotang, Executive Vice-President, Development Zone Committee of China Association of Enterprises with Foreign Investment

Mr. Rafal Zelazny, President of the Board, Katowice Special Economic Zone, Poland

Mr. Stanley C. Ezeilo, Executive Manager, FEMOZA

Ms. Hua Lin, Deputy Director, Administrative Committee, Suzhou Industrial Park, China

Panel 3: Facilitating sustainable linkages between SEZs and domestic economies

The panel will focus on the practices and lessons learned by SEZs in attracting investment and fostering linkages with the local economy. Experts and practitioners will share insights on facilitating collaboration between foreign investors and domestic businesses, aiming to enhance economic growth, technology transfer and sustainable development within host countries.

Moderator: **Ms. Stephania Bonilla-Feret**, UNCTAD

Mr. Ayoul R'Mili, Technical and Operations Director, Tanger Med Zones, Morocco

Mr. Herbert Chen, Senior-Executive VP, TusHoldings Co. Ltd, Deputy Director, TusPark, China

Mr. Olufemi Ogunyemi, Managing Director, Nigeria Export Processing Zones Authority

Mr. Qun Liu, Deputy Director, Administrative Committee, Nanjing Jiangning Economic and Technological Development Zone

Panel 4: Development Path of Industrial Parks: International standards and ESG

Experts and practitioners will discuss the integration of national and international standards and the benefits and challenges of these practices. They will also share experiences on how the adoption of standards in SEZs can drive innovation, attract investment and contribute to environmental and wider sustainability goals.

Moderator: **Dr. Han Shi**, Senior Fellow, University of Hong Kong, Centre on Contemporary China and the World Founding Director of the ESG Centre, HKU Institute for China Business

Mr. Molid Houssein, Senior Adviser to the Government of Djibouti

Mr. Jonghwan Kim, Director-General, Incheon Free Economic Zone Authority, South Korea

Ms. Ambar Ruiz Chaperon, Executive Director, A de Ambar, former director of free zones of the Ministry of Commerce and Industry, Panama

Mr. Qing Zhou, Party Committee Member, Deputy Director, Administrative Committee, Tianjin Economic Technological Development Area

Closing of conference

18:00
