

# Attracting Finance and Investment for the Energy Transition in Tanzania

## Stakeholders Meeting

19 September 2024, 8:30 A.M to 2:00 P.M (Tanzania Time)

Johari Rotana, Dar Es Salaam, Tanzania

Tanzania, through the Tanzania Investment Centre (TIC) is a beneficiary of a technical assistance project for promoting and facilitating finance and investment in energy transition. This 3-year project, led by the UN Trade and Development (UNCTAD), is implemented in cooperation with other UN departments.

One of the project's key outputs is to develop a strategy to attract finance and investment in energy transition-related projects, such as renewable energy and green technologies. As part of the strategy development process, UNCTAD and TIC are jointly organizing this meeting to consult stakeholders from the private and public sectors, as well as development partners. The objective of the stakeholder meeting is to collect feedback, insights, and inputs for the successful development and implementation of a national strategy to attract finance and investment to support the energy transition aspiration of Tanzania.
