

Joint Questionnaire for 20-year review of WSIS implementation (CSTD, ITU, UNESCO and UNDP)

This questionnaire is open to all stakeholders.

Please share your experience, views and priorities in response to the following questions, addressing the issues that you consider most important for the Commission on Science and Technology for Development (CSTD)'s twenty-year *World Summit on the Information Society (WSIS)* review. Issues that you might consider could include any or more of the following, but need not be confined to these:

- infrastructure, access and inclusiveness;
- content, applications and capacity-building;
- technical, financial and related issues;
- governance and wider public policy aspects of the Information Society;
- social, economic and other development activities and impacts;
- measurement and monitoring of the Information Society;
- the changes that the information society has gone through over the past twenty years and the implications for the WSIS vision; and
- the relationship between the Information Society and the 2030 Sustainable Development Agenda.
