

Measuring South-South cooperation

# Analysing South-South data Exercise

Institutional setup and training on the SSC measurement framework  
Swakopmund, Namibia: 11-12 Feb 2025

Nada Tawfik, Bojan Nastav

# ➤ Perspectives of SSC data analysis

## Country-level analysis

---

- Understand and interpret specifics of SSC.
- Examine type, scope, and magnitude of SSC initiatives.
- Provide insights for policymakers, and relevant stakeholders.

## Global and regional analysis

---

- Compare SSC data across countries
- Identify shared challenges, successful models, and areas needing attention
- Profile top recipients and providers, project volumes, cross-regional partnerships

# ➤ Types of SSC data analysis

## FINANCIAL AND NON FINANCIAL ANALYSIS

---

Financial: volume,  
disbursement rates,  
growth/decline areas  
Non-financial: Categorize SSC by  
modality

## SECTORAL & GEOGRAPHIC DISTRIBUTION

---

Top sectors, inflows and  
outflows

## ALIGNMENT WITH SDGS

---

Primary and secondary  
SDGs

## ROLE OF PARTICIPATING COUNTRIES

---

Providers and recipients,  
and cooperation framework

# ➤ Examples from SEGIB

## Horizontal cooperation ties in Ibero-America

Ibero-American South-South and Triangular Cooperation Data Platform

Report 2024

Aggregated data on Ibero-American South-South and Triangular Cooperation with all partners (2007-2023)

### Total number of initiatives

10432

### Initiatives by modality

- Bilateral South-South **81.5 %**
- Triangular **13.7 %**
- Regional South-South **4.8 %**

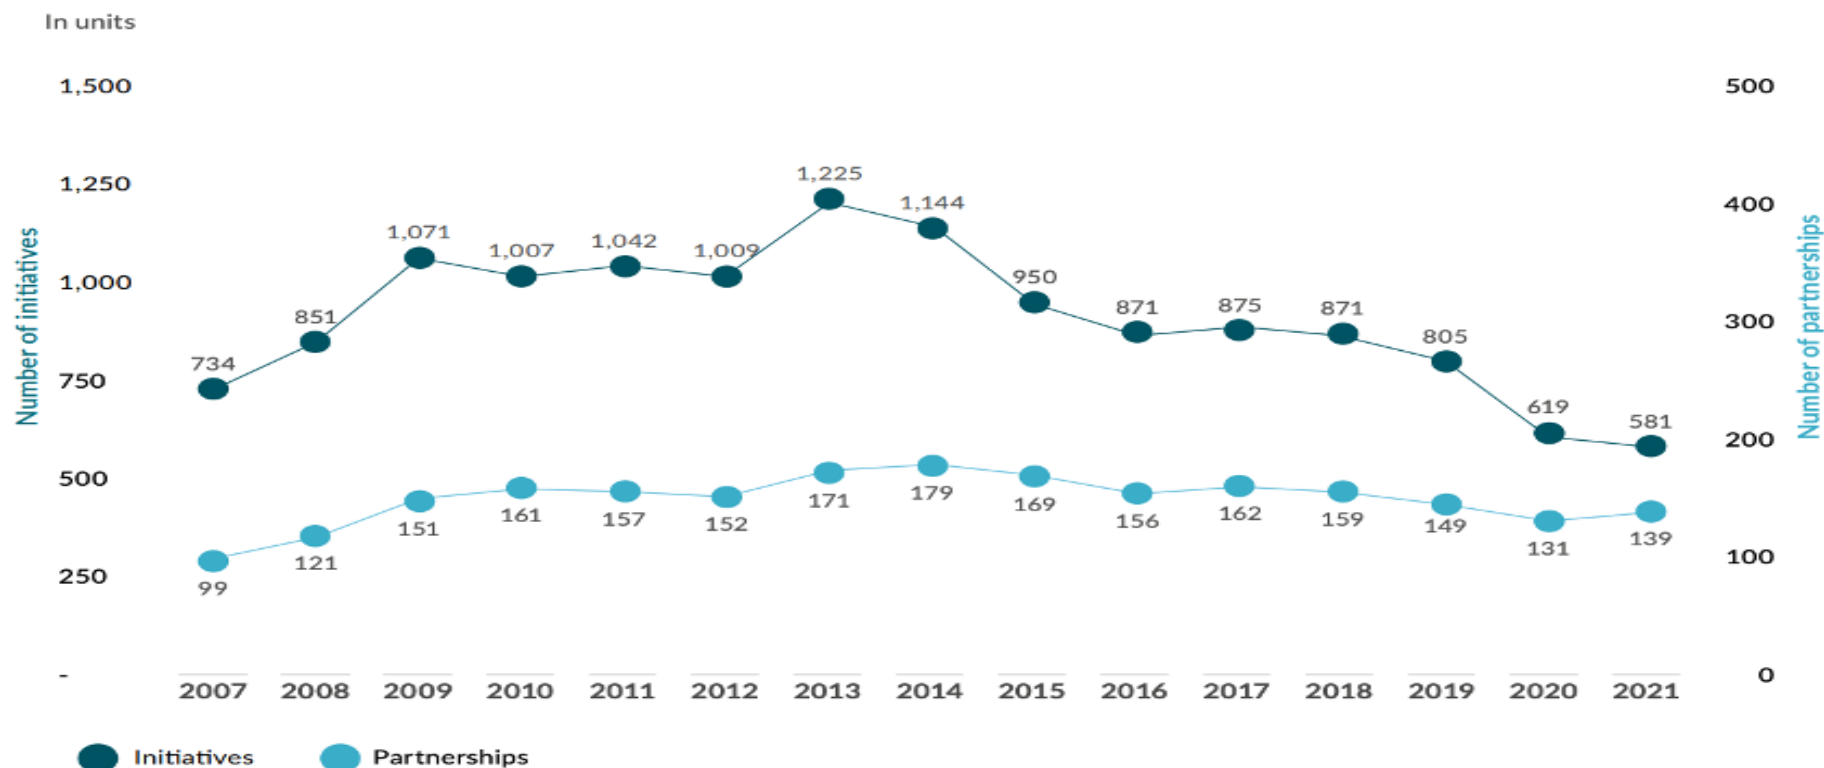

### Areas of action

# Examples from SEGIB

→ GRAPH 2.8

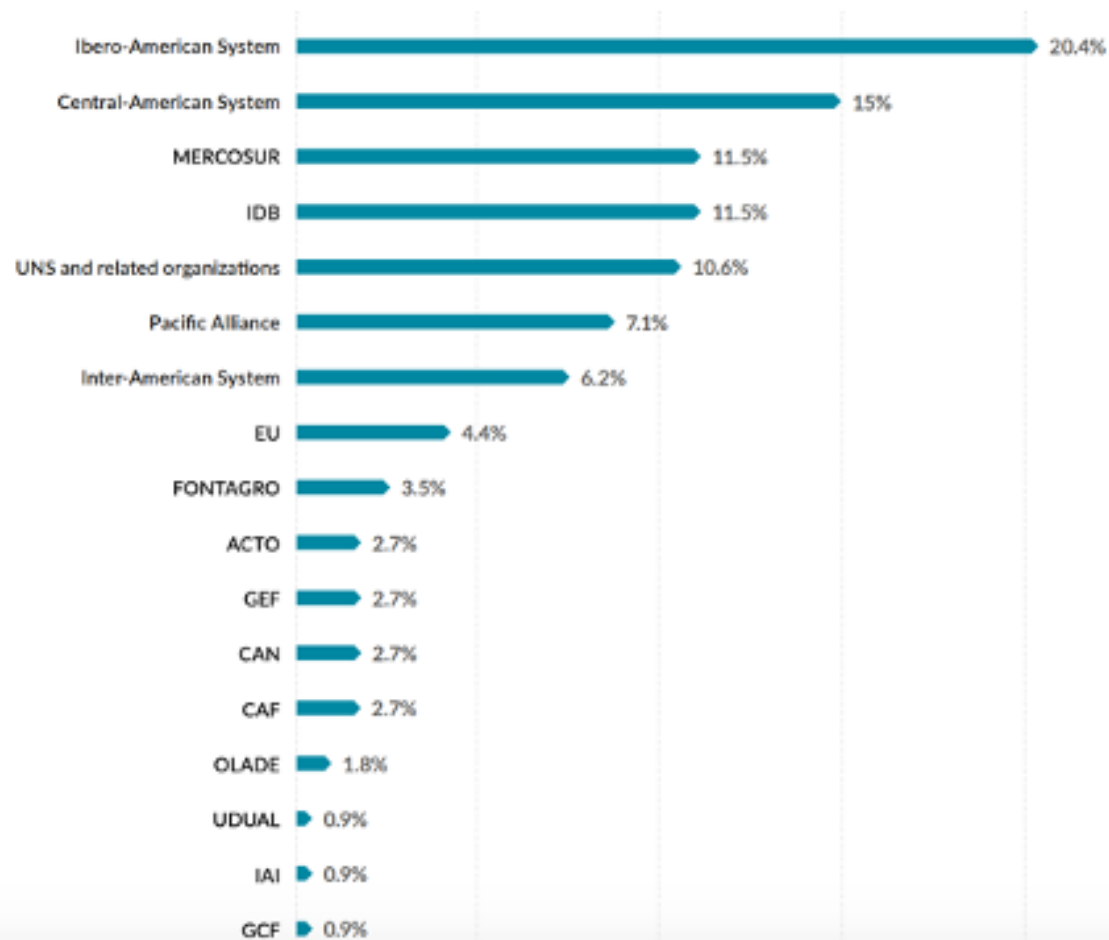

Evolution of the number of initiatives annually exchanged in Ibero-America and the number of partnerships through which they were implemented. 2007-2021

# ➤ Examples from SEGIB

## → Multilateral organizations' participation in Regional SSC initiatives in Ibero-America. 2020-2021

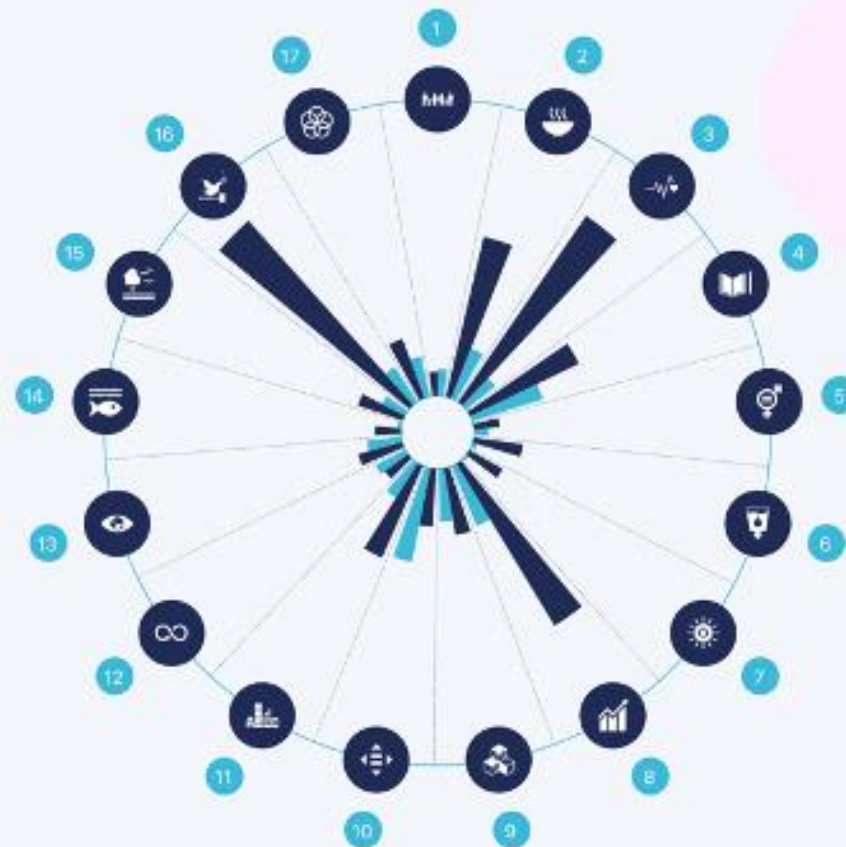

In percentage

# ➤ Examples from SEGIB

## How do initiatives align with the SDGs?

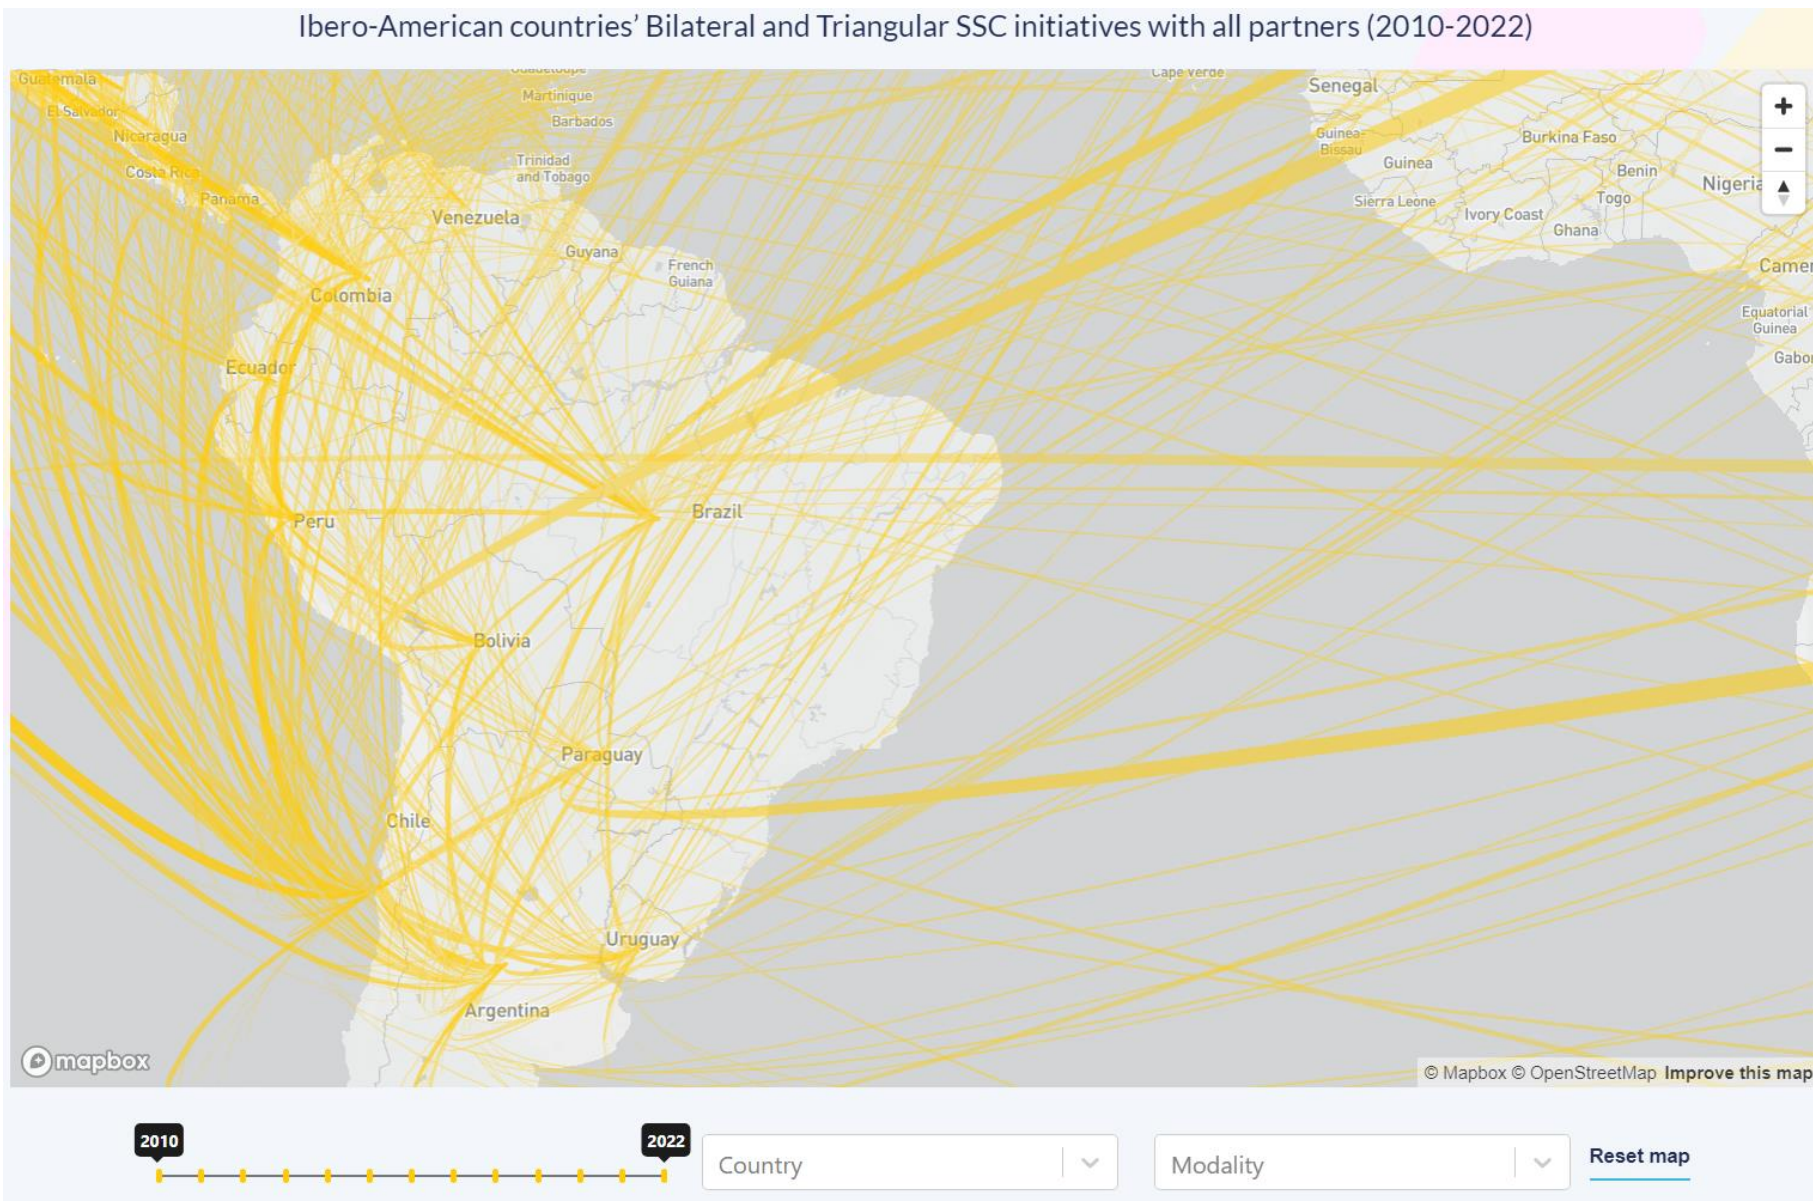

Distribution of South-South and Triangular co-operation initiatives in Ibero-America, by the main and the second Sustainable Development Goals with which they are potentially aligned (2015-2022)

# ➤ Examples from SEGIB

Ibero-American countries' Bilateral and Triangular SSC initiatives with all partners (2010-2022)
