SAFE  PACIFIC

Safe Agricultural trade Facilitation
through Economic integration in the Pacific

SAFE Pacific Project

BSPS and Private Sector Development

The project's specific objectives are two-fold:

- 1) to increase intra-regional and international trade, and
- 2) to increase the private sector's participation in economic integration

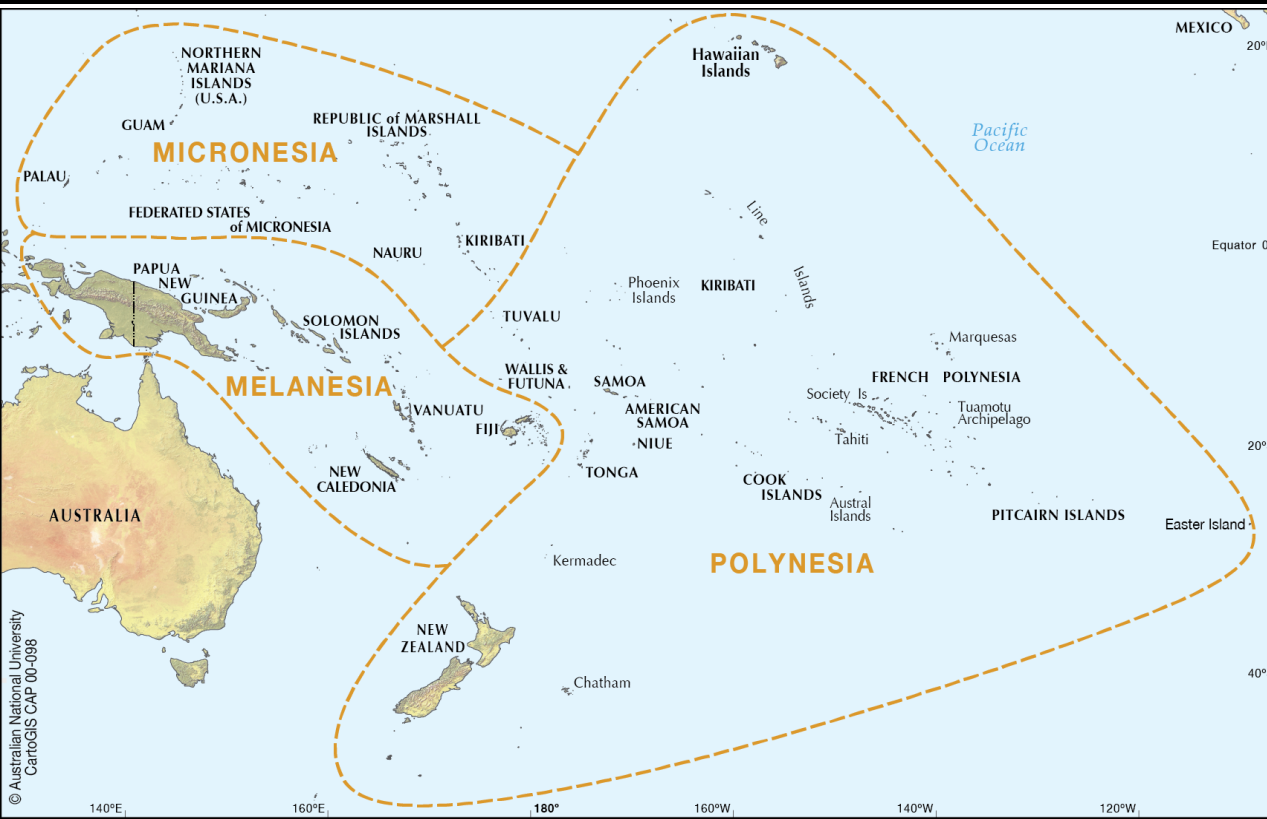

To achieve the objectives, SAFE Pacific will deliver the following outputs:

Output 1.2 Sanitary and Phytosanitary services are improved;

Output 2.3. Strengthened competitiveness of sustainable agricultural **export value-chains** in the Pacific

The following countries are included in the VC component of the project:

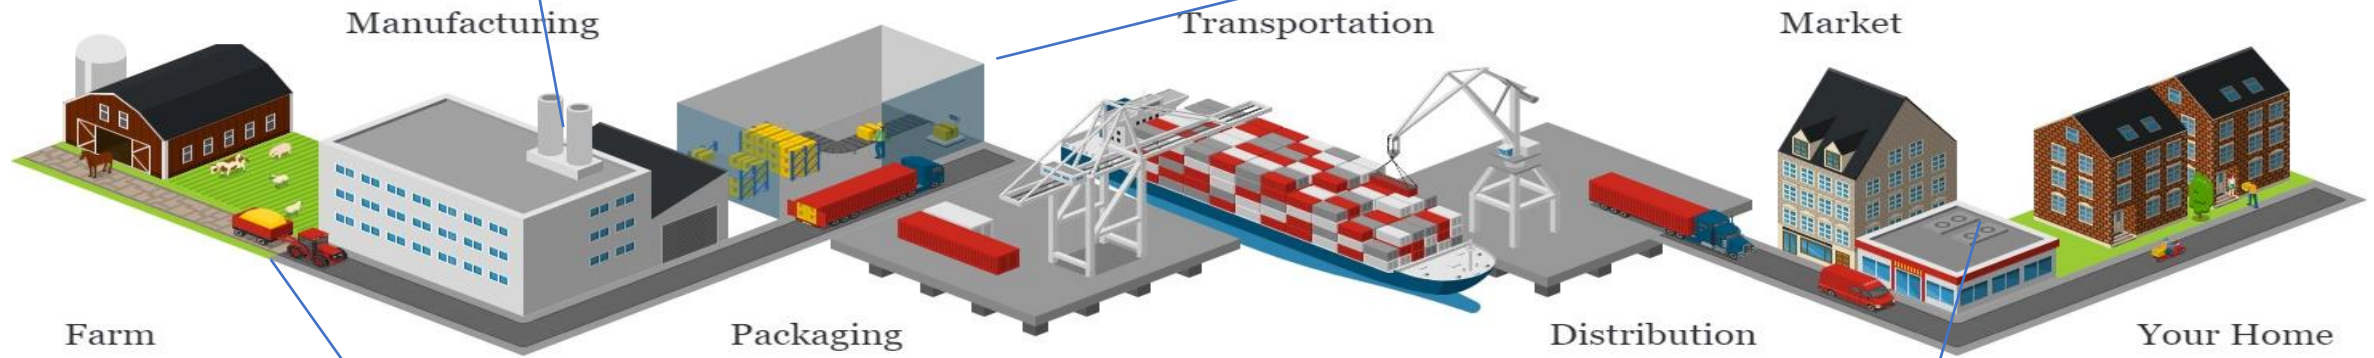

Papua New Guinea, Solomon Islands, Vanuatu, Fiji, Tonga, Samoa, Nauru, Niue, Kiribati, Marshall Islands, Federated States of Micronesia, Palau, Tuvalu, and Timor Leste.

Private Sector Development Actions

Technical assistance, business planning/mentoring, product development, infrastructure upgrade (production/processing equipment)

Standards, Certification, SPS, Biosecurity technical assistance and training support

Training and mentoring of MSMEs and their suppliers to strengthen supply volumes and quality with a focus on environmentally sound and sustainable production practices

EPA - EU-Pacific States B2B meetings, industry-learning visits, participation at trade shows
