

1st PNG National Workshop on the MSG Green Trade Project

Green trade, Project objective and overview

31 May 2022

Seul Lee, Associate Economic Affairs Officer, UNCTAD

Green Trade & Sustainable Development

- Green trades are trades of products that are harvested, produced, processed or serviced with methods that are sustainable, in the sense that they generate potentially positive, or fewer negative, externalities in terms of socioeconomic or environmental development of the local community.

THE MSG GREEN TRADE PROJECT

- Funded by 12th Tranche of the United Nations Development Account (approx. US\$ 500,000)
- Four MSG Members (Fiji, Papua New Guinea, Solomon Islands and Vanuatu)
- From 2020 to end-2023

THE PROJECT OBJECTIVE

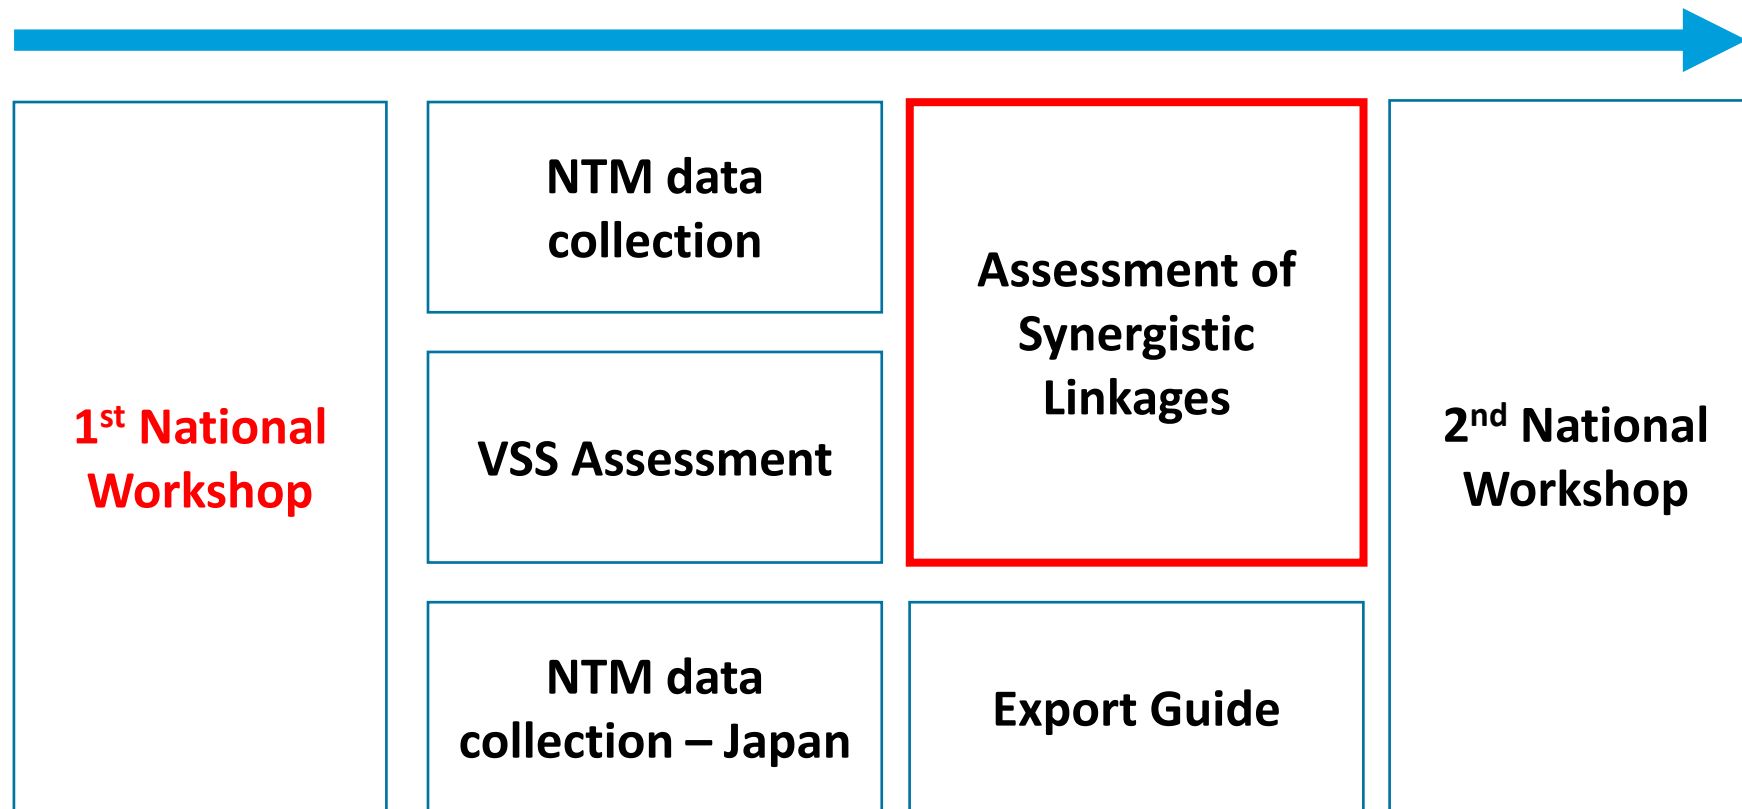

- To increase the capacity of four MSG Members to identify and strengthen synergistic linkages between green trade promotion and their sustainable development in a regionally collaborative manner.
 1. Transparency in trade regulations of PNG and export market
 2. Access to niche markets including “sustainable markets”
 3. Regional and international economic cooperation
