

UN TRADE and DEVELOPMENT

**Webinar on artificial intelligence deployment for consumer protection
enforcement authorities**

20 February 2025

AI & Consumer Protection of Thailand

Presentation by:

*Dr. Wimonrat Wim Teriyapirom
Office of the Consumer Protection Board
Thailand*

This material has been reproduced in the language and form as it was provided. The views expressed are those of the author and do not necessarily reflect the views of UN Trade and Development.

AI & Consumer Protection of Thailand

Dr. Wimonrat Wim Teriyapirom
Office of the Consumer Protection Board Thailand

OCPB's implementation of AI

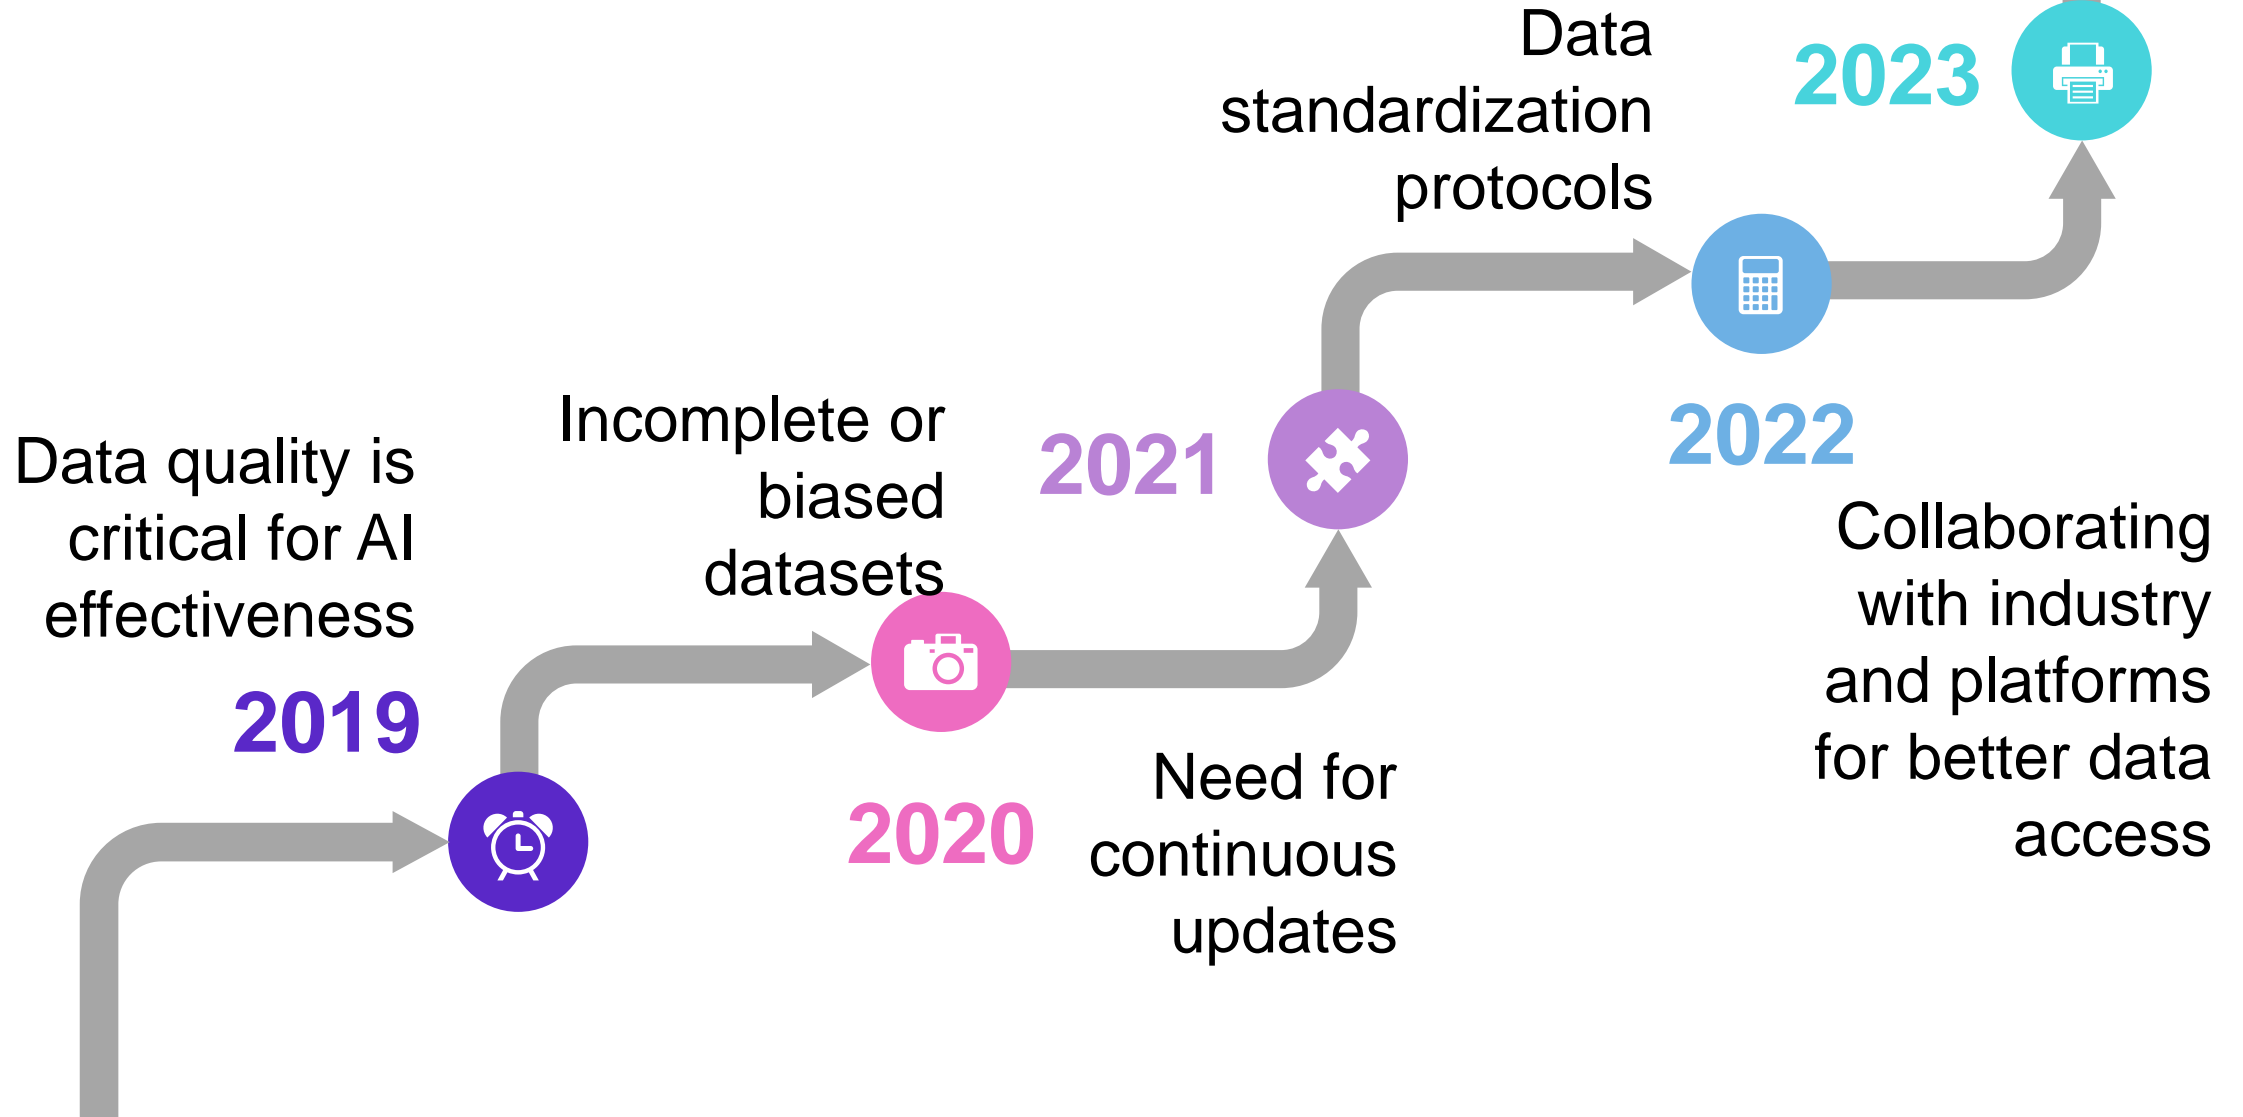

1. Consumer Complaint Handling
2. Fraud Detection in Advertisements

Choosing the Right AI Tools

- 01** **Machine learning vs.
rule-based systems**
- 02** **Scalability and
adaptability**
- 03** **Integration with existing
systems**

Challenges in Data Cleaning & Preparation

Integrating AI into Enforcement Workflows

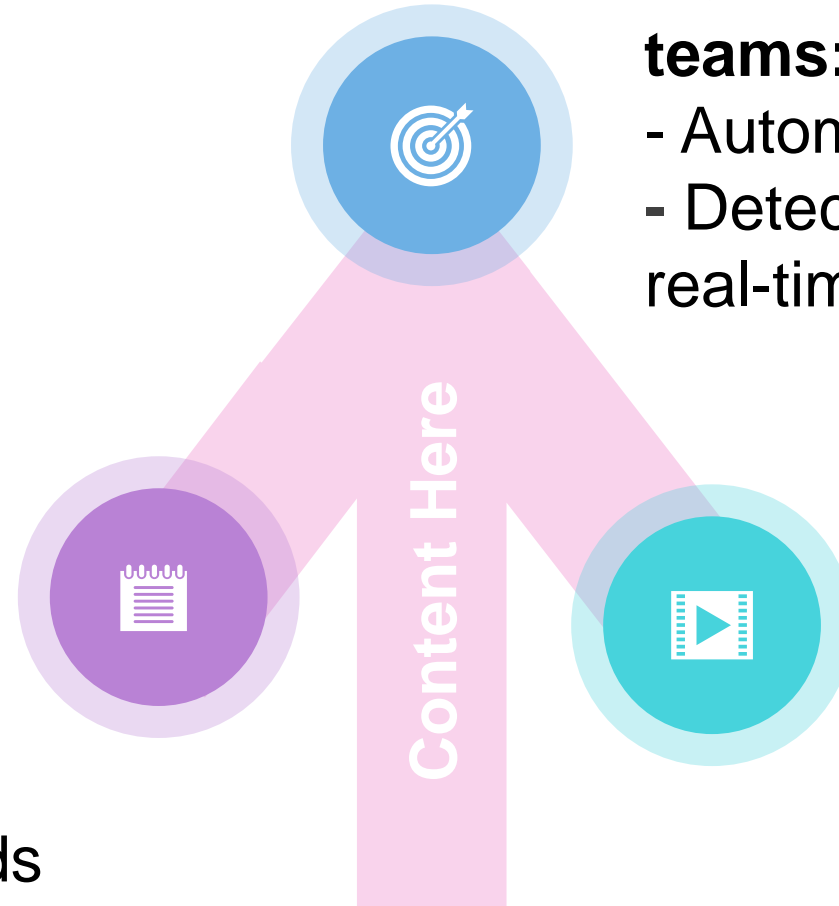

How AI assists enforcement teams:

- Automating complaint triage
- Detecting fraud patterns in real-time

Challenges in implementation:

- Resistance to change
- Ensuring AI outputs align with legal standards

Strategies for smooth integration

Training Challenges & Human Supervision

AI is a tool, not a replacement for human judgment.

Need for specialized training in:

- Understanding AI decisions
- Adjusting AI models based on real-world cases

Importance of a human-in-the-loop approach

Cybersecurity & Data Protection Considerations

System handle

AI systems handle sensitive consumer data

Key risks

- Data breaches
- AI model manipulation

Best practices

- Compliance with privacy law
- Regular security audits

Future Outlook & Next Steps

Expanding AI capabilities in predictive analytics

Strengthening international cooperation on AI-driven consumer protection
