@parraou

# We move from a print-based industrial society into a technology-based Internet society

Richard and Daniel Susskind "the Future of the professions"

Technology is impacting society

The Digital transition in our day to day life

# **Every single minute** in the world

#### **Social Networks**

- ► Platforms offering exchange of information and content between people
- Use may be private and/or professional

## The digital area

**X9** 

In the last 2 years we have seen 9 times more data created than in the entire history of humanity

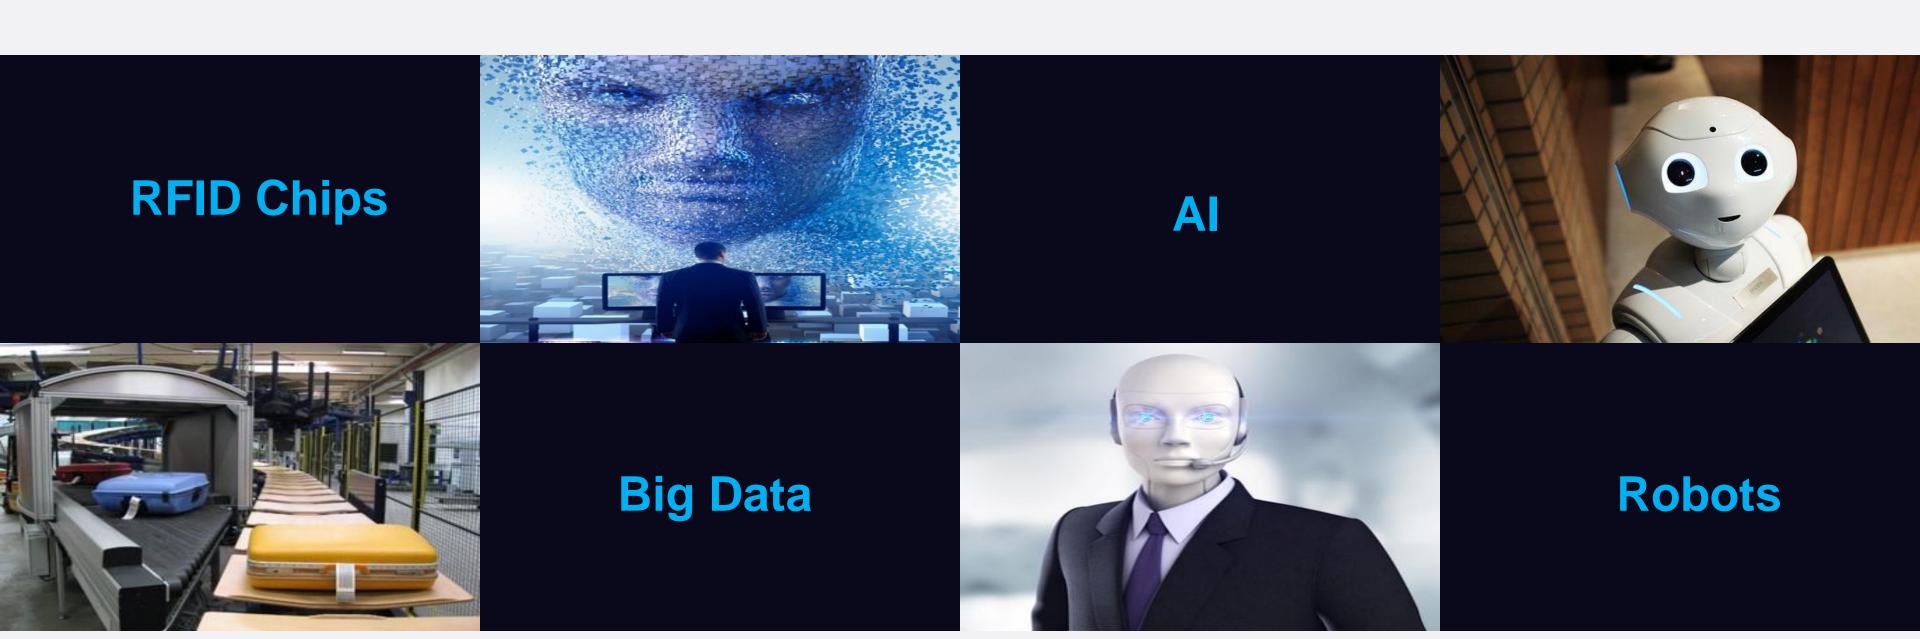

100

billions
connected devices
expected by 2025

1

billion digital natives will join the workforce in the next 7 years

# 4 disrupting technologies

### "In this new world, it is not the big fish which eats the small, it's the fast fish which eats the slow fish."

Klaus Schwab, Founder & executive chairman Word Economic Forum

# What exactly are we talking about?

### Digital transformation Numeric transition

Whatever

#### **Business model transformation**

#### Changing every facet of going to market:

- · services,
- value propositions
- target customers
- pricing

#### Intelligent automation

Increase professionals' abilities at lower cost to serve using emerging technologies (analytics, AI, deep learning)
