Jean-Paul Servais, Chair of the Board of IOSCO, commented: *“This is a critical moment in advancing IOSCO’s goal of improving climate-risk disclosure for investors. Investors are demanding better information about sustainability risks and opportunities, and the G20, the G7, and the FSB rely on IOSCO to assess whether the ISSB Standards are fit for purpose for capital markets. Our members, working together, have carefully analysed the ISSB’s standards against IOSCO’s endorsement criteria. IOSCO has found that the ISSB conducted a robust process and have concluded that these standards serve as an effective and proportionate global framework of investor-focused disclosures on sustainability- and climate-related risks and opportunities. At the beginning of my mandate as Chairman, I said IOSCO would meet expectations because the delivery of high quality standards in due time is of the essence when it comes to sustainability. Today, with the publication of the endorsement decision, I am honoured to say we did just that.”*

Since the implementation of the Sustainability Reporting Guidelines, the corporate regulator has seen a significant jump in the submission of sustainability reports among publicly listed companies in the Philippines.

According to Aquino, the SEC is likewise looking forward to the enactment of the ESG Bill, which aims to integrate ESG factors into corporations as a way of gaining investor confidence to further improve sustainability in the corporate sector.

### AN ACT ESTABLISHING THE FRAMEWORK STRATEGY ON SUSTAINABILITY REPORTING COVERING ENVIRONMENTAL, SOCIAL, AND GOVERNANCE (ESG) CONSIDERATIONS, INSTITUTIONALIZING ASSURANCE THEREFOR, AND FOR OTHER PURPOSES

#### EXPLANATORY NOTE

ESG stands for Environmental, Social, and Governance – the three vital factors used in measuring an organization's corporate financial interests. ESG has gained significant traction globally as a framework for evaluating the sustainability and ethical practices of companies and organizations.

The importance of ESG in corporate governance is globally recognized. The Principles for Responsible Investment (PRI) and Sustainable Development Goals (SDGs) of the United Nations (UN) reinforced the importance of ESG for sustainable development. Further, under the Organisation for Economic Co-operation and Development (OECD) Principles of Corporate Governance, well-designed corporate governance policies support the sustainability and resilience of corporations and, in turn, may contribute to the sustainability and resilience of the broader economy.<sup>1</sup>

A sound framework for corporate governance with respect to sustainability matters can help companies recognize and respond to the interests of shareholders and different stakeholders, as well as contribute to their own long-term success. Such

### SEC taps Komunidad for sustainability report submission

Richmond Mercurio - The Philippine Star  
October 26, 2024 | 12:00am

MANILA, Philippines — The Securities and Exchange Commission (SEC) has tapped climate data and analytics software company Komunidad Global Services & Operations Philippines Inc. to facilitate the submission of sustainability reports by publicly listed companies.

The SEC entered into an agreement with Komunidad for the development of the web-based SEC Sustainability Reporting (SuRe) Framework Application.

Under the agreement, Komunidad will provide the SEC with rights and licenses to use the SEC SuRe Framework Application.

A data-sharing agreement will likewise be executed to determine the flow of data as well as guarantee security protocols.

### SEC rolls out 5 new digital services to simplify registration, tax processes

BY JAMES A. LOYOLA  
Jul 17, 2024 01:15 PM

The Securities and Exchange Commission (SEC) has launched the third wave of its digital initiatives consisting of five new services that will make company registration more efficient and promote data sharing for enhanced tax administration.

The Commission on July 17, 2024, unveiled the SEC Zuper Easy Registration Online (ZERO), Electronic Submission Authentication Portal (eSAP), SEC Foreign Investments Registration Station (FIRST) Green Lane Unit, Electronic Application For Modification Of Entity Name And Data (eAMEND), and Swift Corporate and Other Records Exchange (SCORE) Protocol.

The rollout of the new digital services is part of the Commission's observance of SEC Sustainability Week 2024, which is in line with its thrust to pursue sustainability by going digital.
