UNITED NATIONS DECADE ON
ECOSYSTEM
RESTORATION
2021-2030

COP 15 planning

11 – 24 October

HLS: 21 & 22 October

**COP 15 dates &
modalities**

19 - 20 Oct

Hybrid format

Pre-COP activities
being considered

B&B Forum

Ahead of COP15

Virtual sessions

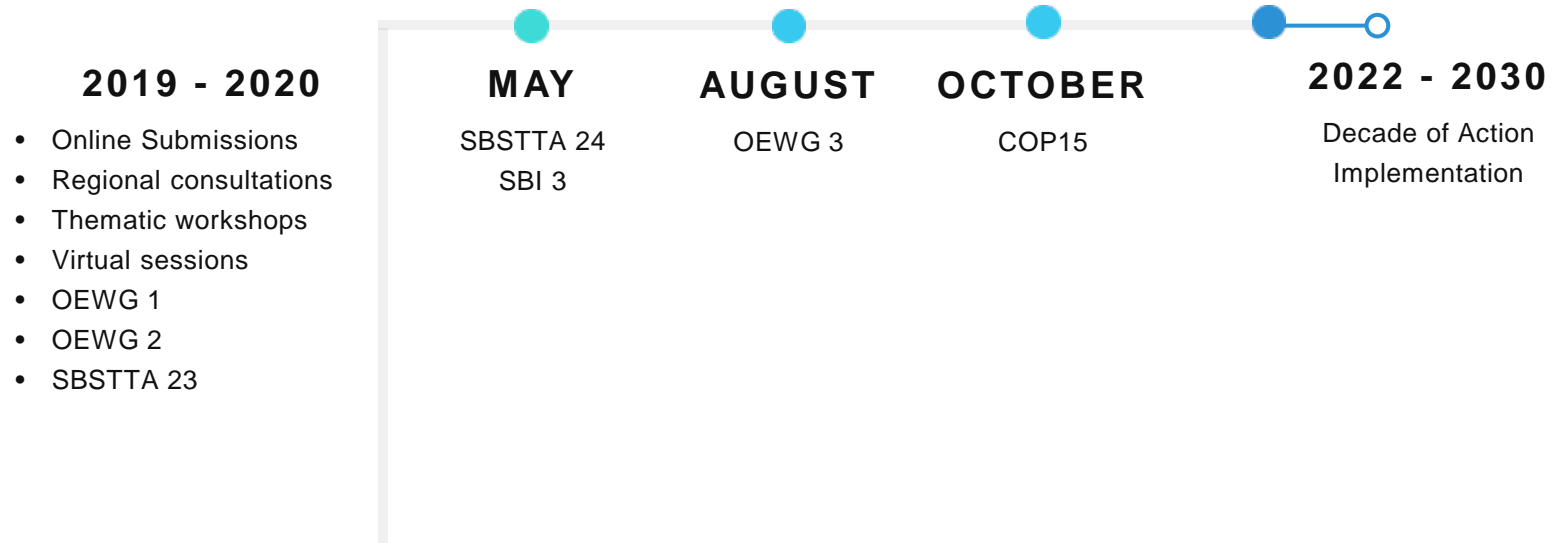

From 2022

- Workshops and capacity building webinars
- Toolkits
- Sectoral approach

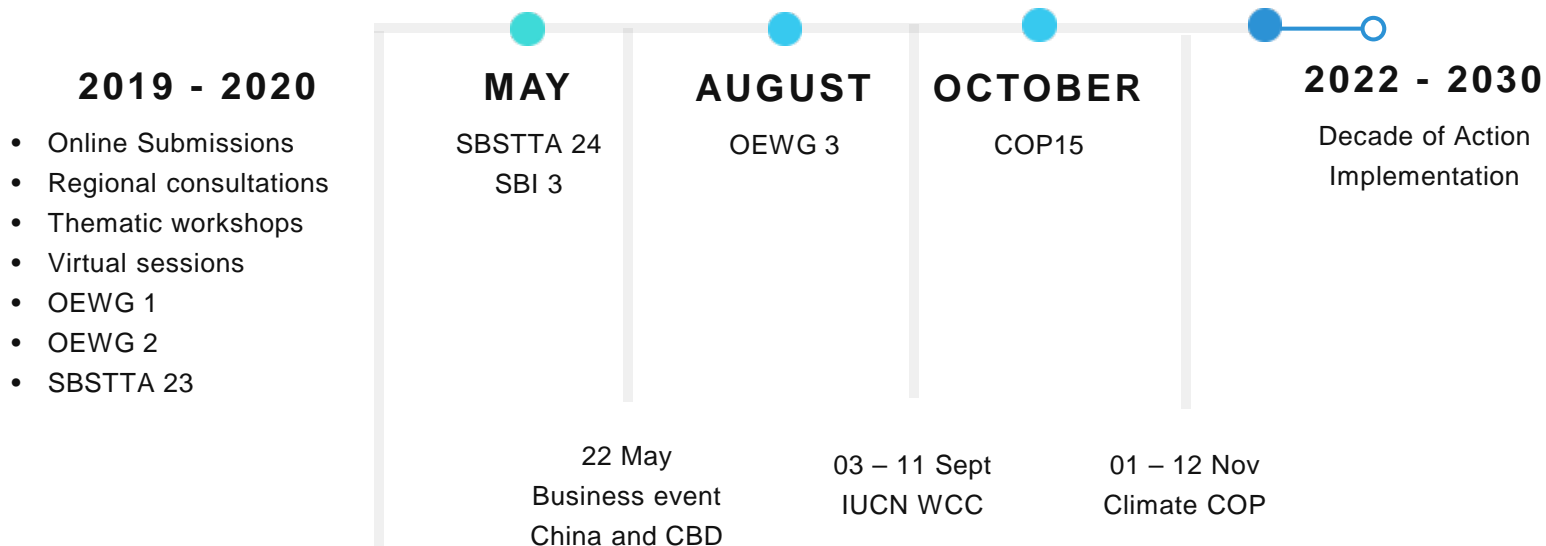

Implementation

Timeline

Timeline

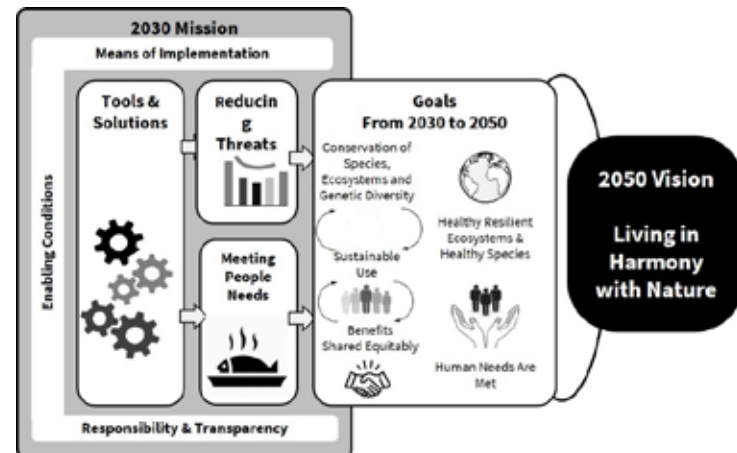

The Post 2020 Framework

Vision 2050: “By 2050, biodiversity is valued, conserved, restored and wisely used, maintaining ecosystem services, sustaining a healthy planet and delivering benefits essential for all people.”

Mission 2030: Take urgent action across society to put biodiversity on a path to recovery for the benefit of planet and people

- 4 long-term **goals**
- 20 action-oriented **targets**
- Monitoring framework

Long Term Goals

Goal A

Ecosystems, Species and Genetic Diversity

Goal B

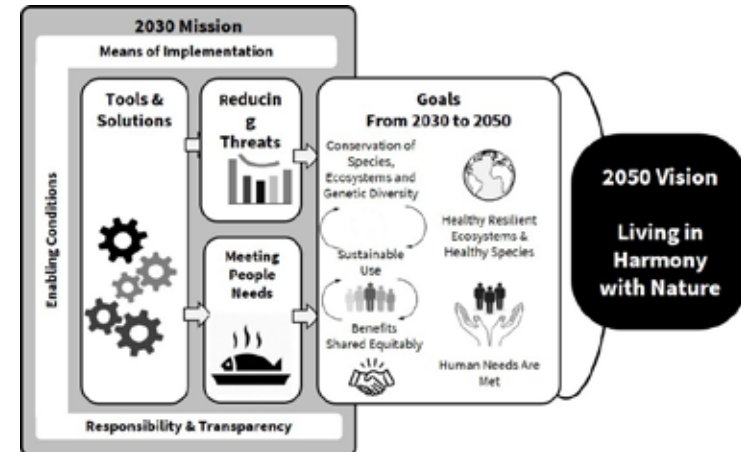

Human needs are met

Goal C

Benefits shared fairly and equitably

Goal D

Means of implementation

Action Targets

- 4 Harvesting, trade and use of wild species of fauna and flora is legal, at sustainable levels and safe
- 12 Increase benefits shared for the conservation and sustainable use ensuring access to and the fair and equitable sharing
- 14 Reduction in negative impacts on biodiversity by ensuring production practices and supply chains are sustainable

LTAM

Businesses transition towards sustainable technologies and practices, including along their supply, trade and value chains, demonstrating decreasing negative and increasingly net positive impacts on ecosystems and their services to people, biodiversity and human well-being and health.

Strategy area I: Mainstreaming biodiversity across government and its policies

Opportunities

- § Contributions throughout the process
- § Identifying and sharing solutions to support sustainable transition
- § Strengthening market tools such as UEBT and Biotrade principles
- § Raising awareness
- § Building capacity
- § Supporting Implementation

Thank you!
