Detailed
Research

Years 3-5

Phase 3:
Technical
Assistance

Identify pollutants / industries

Eliminate
pollutants

Technical Assistance

UNCTAD's Approach

Years 3-5

**Phase 3:
Change**

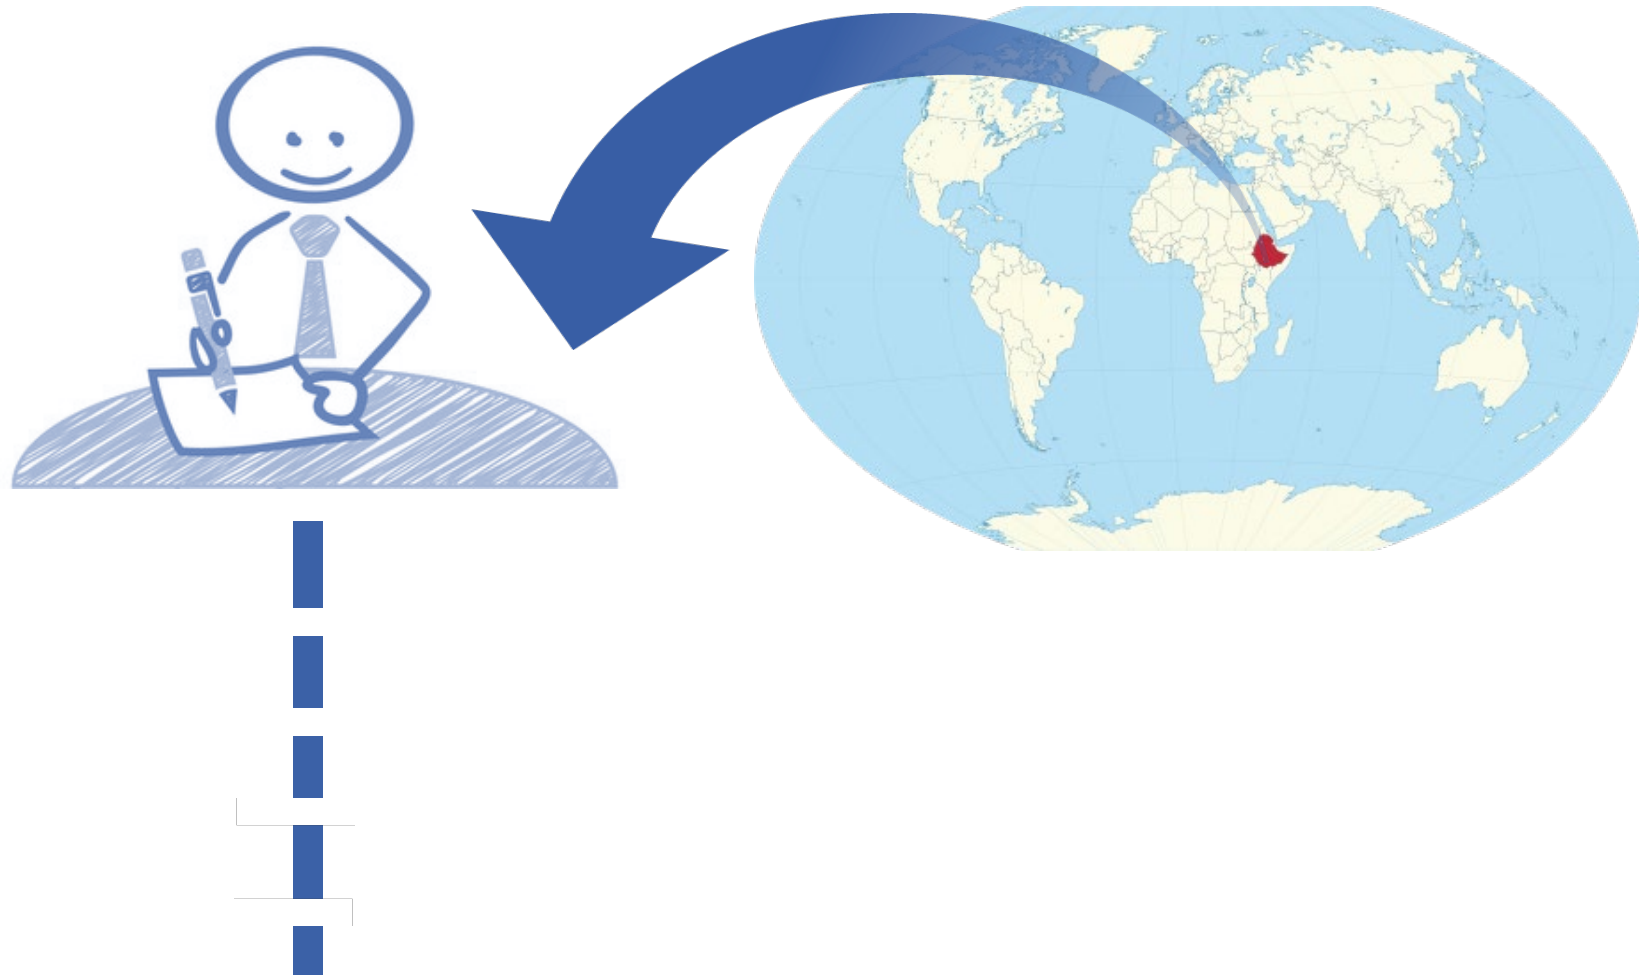

✓ Country

Actions

Results

- Focus on 3 sectors per country
- National commitment
- Country driven
- Country owned
- All stakeholders involved
- Monitoring and follow-up

1) Country Request

2) Synthesize Phase 1 and 2 Research

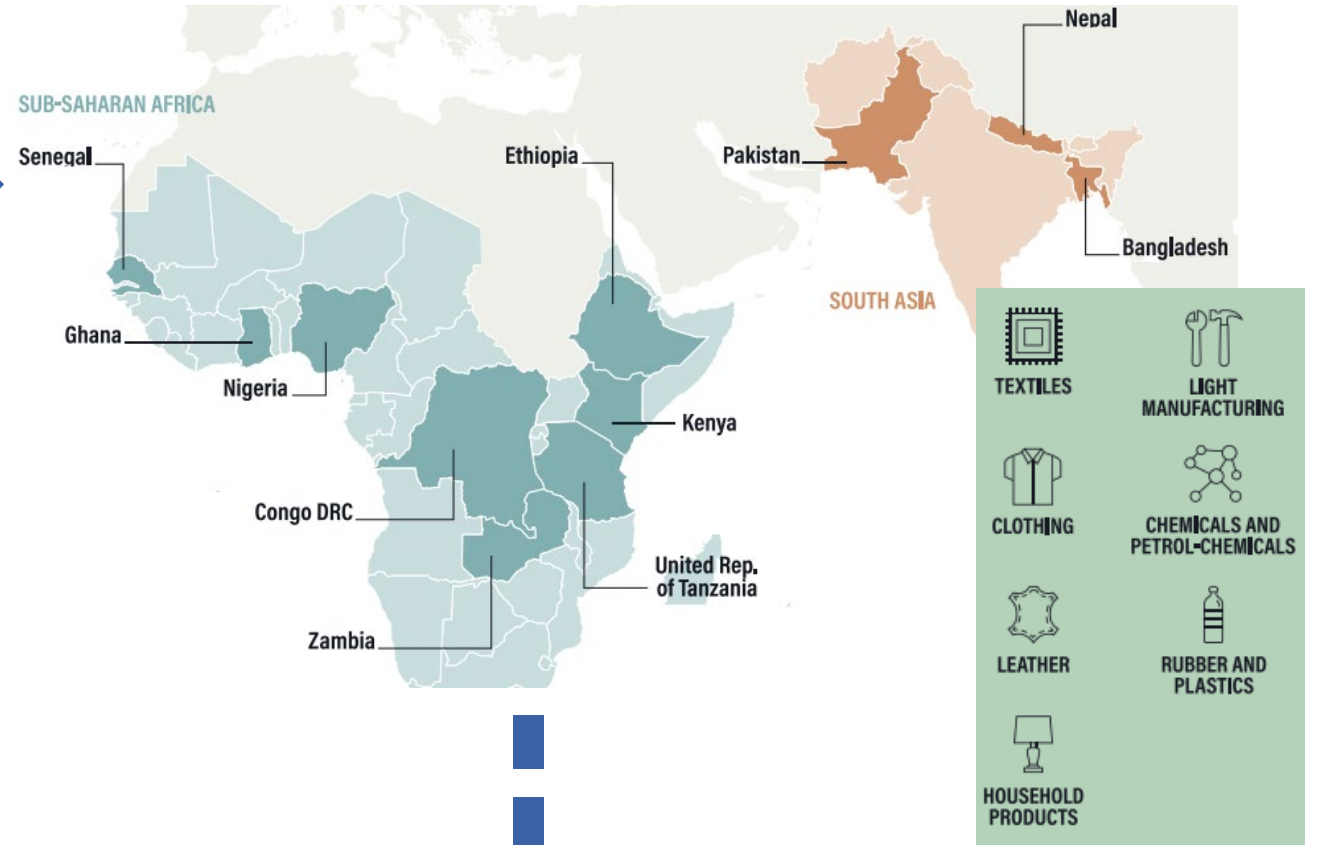

Analysis ...

$$\begin{array}{l} 2 > -3 \\ 0.999... = 1 \\ \pi \approx 3.14 \\ \sqrt{2} \\ 5^2 \\ 101_2 = 5_{10} \end{array}$$

Sum of TradeValue in 1000 USD		Year				
ProductCode	ProductDescription	2012	2013	2014	2015	2016
2224	Sunflower seeds	72577	136078	105337	143626	178678
2732	Gypsum, plasters, lime	16434	9712	7236	4830	7449
4215	Sunflower seed or saffi	80735	41636	74005	69008	51483
616	Natural honey	2316	3256	9699	9519	8845

Specific for country and sector ...

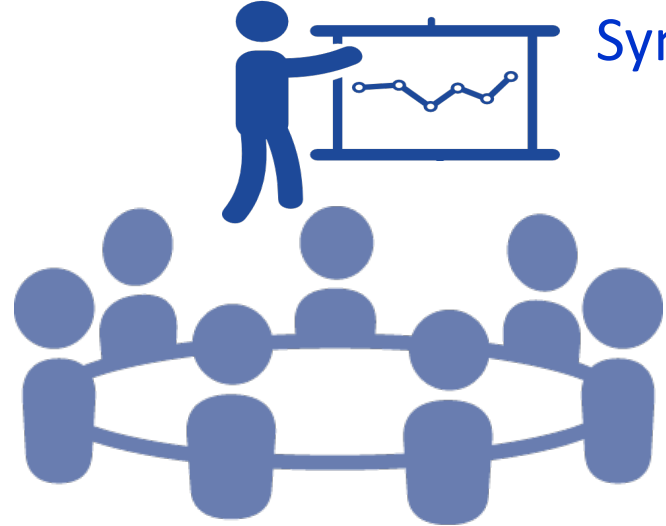

3) 1st National Stakeholders Workshop

- _____
 - _____
 - _____
- Priority Sector Selected**

National Team of Experts Selected

Phase 1 and 2 Synthesis

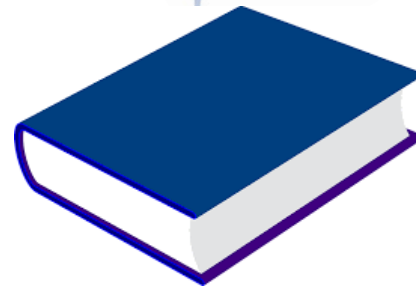

Producers, Policymakers, Investors, Academic Experts, NGOs, Workers, Communities, Development Partners

4) National Team Proposes Actions

Study of Phase 2 Solutions
Survey of Stakeholders
Propose Actions to Achieve Solution

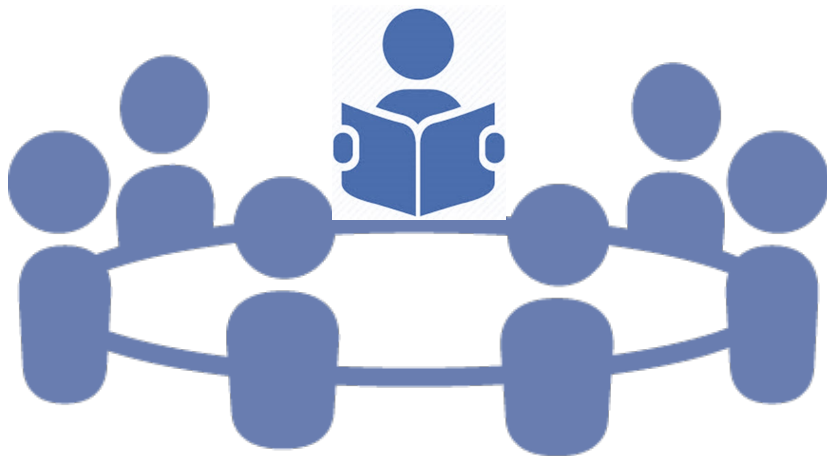

Report
Prepared

Proposes
Action
Plan

5) 2nd National Stakeholders Workshop

Validate
And
Adopt
Action
Plan

6) Implement Action Plan

Actions must...
Implement Solution(s)
Achieve Desired Impacts

What..Who..When

National Action Plan
