

Learning from Circularity in practice

MSMEs from
UNCTAD-FCDO SMEP Programme
informing policy processes.

27.06.2024

Henrique Pacini

SMEP Programme Lead

UNCTAD

Sustainable Manufacturing and
Environmental Pollution Programme

Biodegradable fishing gear and ropes (Sweden / South Africa / Kenya) Source: Catchgreen.net / SMEP Programme

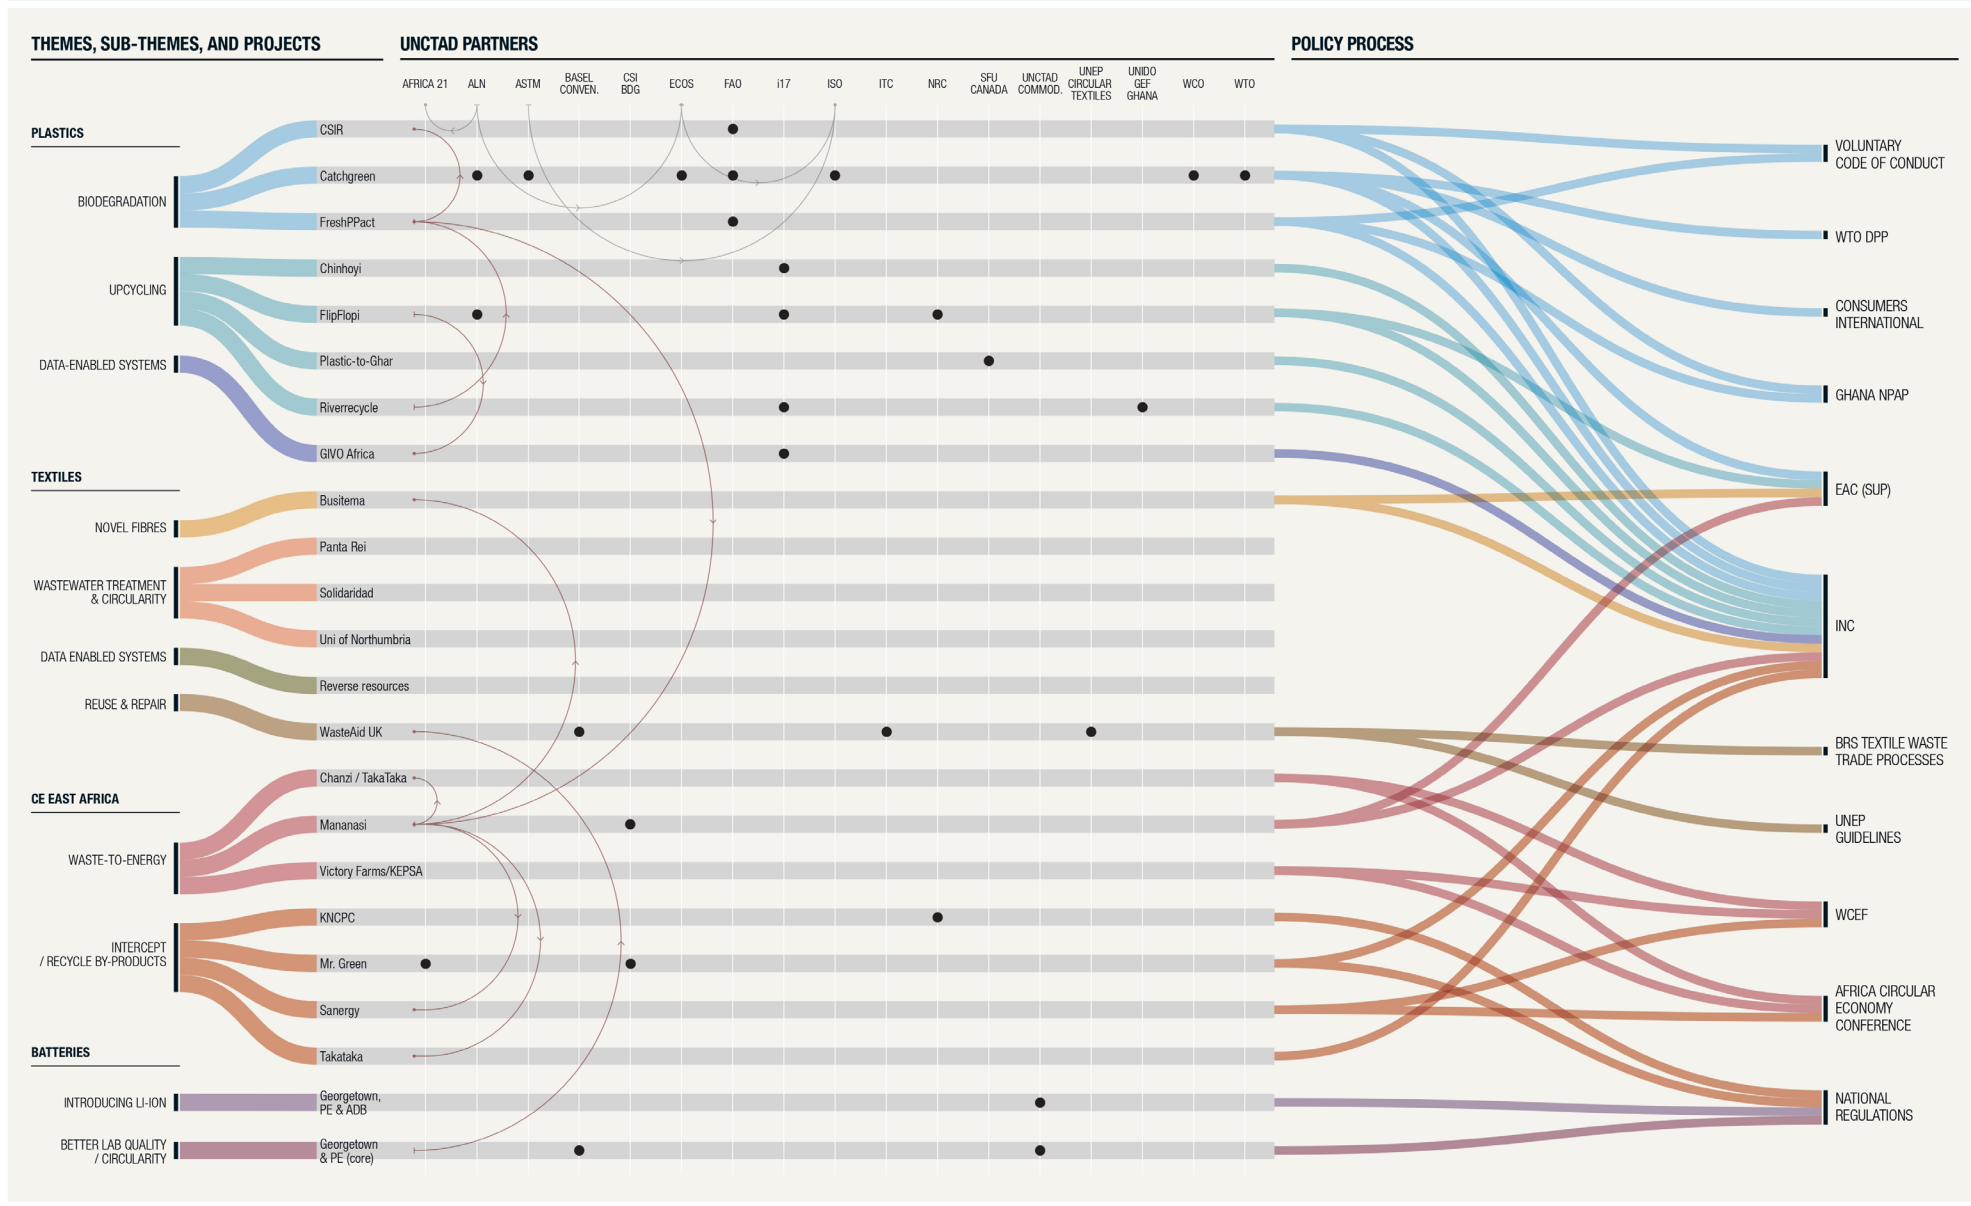

Bio-mulch and mulch lifting trials in Ghana (linked to BlueSkies supply chain).
Source: Freshppact / SMEP Programme

→ East Africa
Community Single-
use plastics policy
workshop – resulted
in legal proposal for
regional
harmonization

Upcycling plastics into heritage boats and furniture + advocacy (Lamu - Kenia).
Source: Theflipflopi.com / SMEP Programme

*Tanneries theme not included due to project inception mid-2024

**Thank you
Merci**
