Ad Hoc Expert Meeting on

Addressing the Transport and Trade Logistics Challenges of the Small Island Developing States (SIDS): Samoa Conference and Beyond

11 July 2014

Access to climate finance for SIDS

Presentation by

Ms. Janet Strachan
Adviser and Head, Climate Finance and Small States Section, Economic Policy Division, Commonwealth Secretariat

This expert paper is reproduced by the UNCTAD secretariat in the form and language in which it has been received. The views expressed are those of the author and do not necessarily reflect the views of the UNCTAD.
Access to climate finance for SIDS

Janet Strachan
j.strachan@commonwealth.int

The Commonwealth

- 53 independent sovereign states
- 31 out of our 53 member countries are small states
- 25 of the World’s 39 SIDS
- Populations of less than 1.5m (with some exceptions)
Expert Group on Climate Finance

- Not enough to meet needs. Crucial 2015 deal.
- Not enough public financing (adaptation)
- Pledges are not translating into disbursement.
- Very complex landscape: a ‘maze’; a ‘spaghetti bowl’.
- High transaction costs.
- Private sector still promotes emissions – need to change incentives.

Funds supporting Adaptation (H.Boll)

Expert Group on Climate Finance

- Some climate financing is available, more is needed, and it could function more effectively
- Improve transparency and accountability of funds.
- Improve access to existing funds.
- Strengthen national planning systems.

Support reform of the global economy.

An Action Agenda:

1. Build Climate Financing Readiness – Directly
2. Strengthen National P&F Systems
3. Address economic fundamentals to promote investment: risk pooling; guarantees; debt swaps; counter-cyclical loans.
4. Declare baselines and negotiate baselines.
5. Strengthen ocean governance.
An Action Agenda for Large Ocean Countries:

Draw on un-tapped sources of finance:

- Diaspora Bonds
- Local Currency Bonds
- Green Bonds
- Sovereign Wealth Funds and Reserves
• Promote domestic policies to advance Green Infrastructure.

• Examine the lessons of regional initiatives.

Conclusions:

• Dynamic engagement in a strong climate change deal in 2015.
• Close examination of approaches to blending finance in small states.
• Secure national resources in the ocean.
• Unlock the potential of untapped resources.
