## Draft Statement for World Competition Day

---

Chairperson, Distinguished Delegates, and the UNCTAD Secretariat,

On behalf of Thailand, it is my distinct honor to express our unequivocal support for the commendable proposal put forward by the Government of the Republic of Kenya to officially designate December 5th as World Competition Day.

The date of December 5th holds profound historical significance, as it marks the anniversary of the adoption of the UN Set in 1980—a landmark framework that continues to serve as the bedrock for global cooperation in competition policy and law.

Thailand firmly believes that the establishment of an official World Competition Day will play a pivotal role in elevating global awareness regarding the tangible benefits of fair competition, particularly its vital contributions to sustainable economic development and the enhancement of consumer welfare.

Consequently, Thailand is immensely pleased to endorse this meaningful initiative and looks forward to its formal adoption by the international community.

Thank you very much, Chairperson.

---

### Statement for Item 3: Section F and Cross-border Cartels

---

Chairperson, Distinguished Delegates, and the UNCTAD Secretariat,

On behalf of Thailand, it is my distinct honor to express our profound appreciation to the Secretariat for the comprehensive report on the implementation of Section F of the UN Set, as well as for the commendable progress achieved by the informal working group on cross-border cartels.

With regard to the Working Group on Cross-Border Cartels, Thailand highly values its pivotal role as an essential platform for the exchange of information and best practices. Such collaboration remains crucial for enhancing the enforcement capabilities of developing nations in an increasingly interconnected global economy.

Consequently, Thailand wishes to express its strong support for the proposal put forward by FAS Russia to extend the mandate of this Working Group for an additional year. We remain confident that this extension will further facilitate the development of international standards for multilateral cooperation, thereby significantly increasing our collective efficacy in combating cross-border restrictive business practices.

Nevertheless, Thailand would like to underscore that our support is predicated on the understanding that this extension shall not incur any budgetary implications for the United Nations or its Member States.

Thank you, Chairperson.
