The state of connectivity: Where are we today?

What are the challenges?

What are we doing about them?

Where do we want to go?

The World Telecommunication Development Conference

# 2.9

**billion people offline  
in the world in 2021**

# 4.9

**billion people online  
in the world in 2021**

Source : ITU, *Facts and Figures 2021*

Note : being *online* means having used  
the Internet in the last three months

# Global gender gap

Individuals using the Internet in 2020

Male  
**62%**

Female  
**57%**

Developed Countries

Developing Countries

The state of connectivity: Where are we today?

**What are the challenges?**

What are we doing about them?

Where do we want to go?

The World Telecommunication Development Conference

# Challenges

# TECHNICAL

- New infrastructure deployment
- Limited access to international bandwidth capacity
- Allocation of spectrum needs to be quicker
- High reserve prices for spectrum auctions
- Blocking of innovative broadband solutions
- Speed, quality of connections
- Cybersecurity
- Limited access to cloud services and lack of domestic cloud services to support demand

# POLICY AND REGULATION

- Lack of regulation and effective policies
- Borderless digital environment
- Lack of collaborative approaches
- Enforcement
- Legal and regulatory barriers which limit rapid and effective regulatory responses
- Lack of data

# CONSUMER

- Affordability
- Digital skills
- Digital media literacy
- Digital devices
- A lack of content, services, resources, in local languages
- Gender digital divide

# Aspirational targets for 2030

## Universality targets

|                      |  |
|----------------------|--|
| <b>100%</b>          | of population aged 15+ uses the Internet   |
|                      | of households have Internet access   |
|                      | of businesses use the Internet   |
|                      | of schools are connected to the Internet   |
|                      | of population aged 15+ owns a mobile phone   |
| <b>&gt;70%</b>       | of population is covered by a mobile network of the latest technology <sup>1</sup> |
|                      | of population aged 15+ has basic digital skills                                    |
| <b>&gt;50%</b>       | of population aged 15+ has intermediate digital skills                             |
| <b>Gender parity</b> | for Internet use, mobile phone ownership and use, and digital skills <sup>2</sup>  |

**Notes** 1 Mobile network of the latest technology is the most advanced technology available in the country with at least 40% of the population already covered. | 2 Parity is deemed reached when the share of women using the Internet/owning a mobile phone/using a mobile phone/with specific digital skills, among the female population is equal to the share of men. | 3 Download speed. Mb/s = megabits per second. | 4 kb/s = kilobits per second.

## Technology targets

|                |   |
|----------------|---|
| <b>100%</b>    | of fixed-broadband subscriptions are 10 Mb/s or faster <sup>3</sup> |
| <b>20 Mb/s</b> | Minimum download speed at every school                              |
| <b>50 kb/s</b> | Minimum download speed available per student <sup>4</sup>           |
| <b>200 GB</b>  | Minimum data allowance for every school                             |

## Affordability targets

|           |   |
|-----------|---|
| <b>2%</b> | Entry-level broadband subscription costs less than 2% of gross national income per capita               |
|           | Entry-level broadband subscription costs less than 2% of average income of the bottom 40% of population |

**The World Telecommunication Development Conference**

# World Telecommunication Development Conference

- Leading quadrennial policy conference to shape the future of digital development.
- Setting strategies & objectives.
- Developing innovative models of collaboration.
- **6 - 16 June 2022, Kigali, Rwanda**
- Preceded by the **Generation Connect Youth Summit** from 2 to 4 June 2022, in Kigali, Rwanda
- Will feature the **Partner2Connect Digital Development Roundtable** from 7 to 9 June 2022

**ITU WTDC**  
**KIGALI2022**

**Thank you!**
