UNITED NATIONS CONFERENCE ON
TRADE AND DEVELOPMENT
PROSPERITY FOR ALL

Delivering DTI(Block-chain)based Online Dispute Resolution for Consumers as means to Improve International Trade and Electronic Commerce

中国丝路集团
CHINA SILK ROAD GROUP

UNCTAD-CHINA SILK ROAD GROUP Technical Cooperation Project

- *Delivering block-chain based online dispute resolution for consumers as means to improve international trade and electronic commerce -*

The project **aims**:

- = To provide an updated picture of current **consumer dispute resolution** in beneficiary countries and at the global level, identifying best practices and lessons learnt;
- = To **define technical and infrastructure requirements of beneficiary countries for the development of online dispute resolution systems**, including through block-chain technology;
- = To **build capacities of government consumer protection agencies, consumer groups and business associations on consumer ODR**;
- = To build consensus among beneficiary countries on the modalities for delivering consumer online dispute resolution and cost/efficiency improvement of trade among beneficiary countries.

**Building Digitalized
Infrastructure For Global
Cross-Border Trade**

- On Aug 17, 2018, became the investor, developer and operator of Marine Scenario Blockchain Platform of Tianjin Port Blockchain Pilot Project", adopted by General Administration of Customs, P. R. China
- On April 17th, has debuted the world's first blockchain-based product applied to cross-border trade scenario- Trading Business Chain, which realized the "interconnection, interoperability and mutual trust" in the full transaction process of cross-border trade.
- On Aug. 1st 2019, The blockchain platform officially started to operate
- On Oct 8th 2019, first credit enhancement + bank risk control confirmer wharf finance product based on blockchain was launched.

- Approved by Cyberspace Administration of China with blockchain information service filing No. in Tianjin cyberspace filing information: 12011619809164350017
- Consortium blockchain service platform: TBC – Trading Business Chain
- BaaS BaaS of TLC (Trading Ledger Chain)
- Main Chain: TLC (Trading Ledger Chain)
- Association Service (Planning, guidance, charter, governance plan, incubation, transfer, event planning, consulting, training services, publicity and guidance, etc.)
- Technical Service (Scenario chain implementation and deployment services, scenario chain operation standard output, general ledger chain operations)

- The core editing unit of China Cross-Border Trade Blockchain Application Whitepaper
- Trading Business Chain, the benchmark project of Distributed Ledger Infrastructure of the Cross-border Trade (by
- The publisher of Cross-Border Trade Hyper-Ledger Chain Whitepaper and creator of the global first "cross-border trading ledger chain"
