# CHALLENGES IN SERVICES DATA: PHILIPPINES

Session on Data for Services Trade and Development Policies

UNCTAD, 12 July
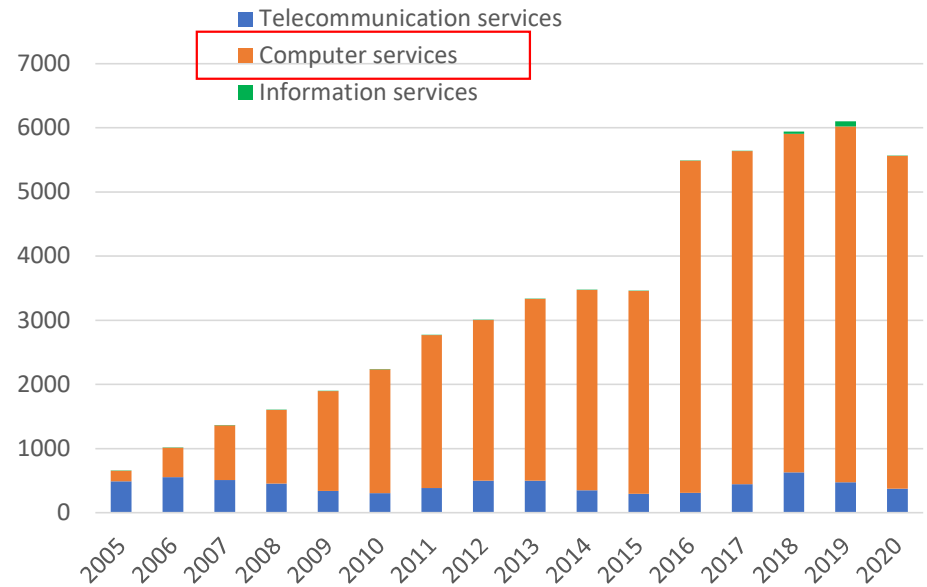

Philippines export of services

Legend:
- Manufacturing services on physical inputs owned by others
- Travel
- Transport
- Financial services
- Pension and insurance services
- Other business services
- Telecommunications, computer, and information services

➤ 'Other business services' is top export;

➤ Followed by Telecommunication, computer and info services

Details of service exports leave much to be desired

Of 'other business services', export is mostly on technical, trade-related and other business services. BPO????

Of the telecom subsector, export is mostly computer services. BPO???

Philippines export of services

- Manufacturing services on physical inputs owned by others
- Travel
- Transport
- Financial services
- Pension and insurance services
- Other business services
- Telecommunications, computer, and information services

➢ Importance of a new category in services data:

➢ Manufacturing services – outsourced contract services – components manufacturing: aviation, car, etc.???

THANK YOU
