VALIDATION WORKSHOP OF THE DRAFT NATIONAL REPORT ON TRADE FACILITATION AND NON-TARIFF MEASURES IN SELECTED SUPPLY CHAINS

Between October and December 2015, an analysis of different obstacles to trade for beverages (wine and beer) and auto-parts industries identified by the private sector has been undertaken and actionable recommendations for policy options were proposed. The objective of the meeting is to discuss on the key findings of the draft study and to validate the information gathered in order to produce a practical national document and inputs for a regional report at CEFTA level.
