

UNCTAD & FAO Collaborative action

Press Conference

20 JULY 2016

UNCTAD 14

Nairobi, 17–22 July 2016

Disciplining Fish Subsidies

7.00 pm
@KICC

Room: TSAVO 3

**\$35
billion**

Fisheries subsidies have been estimated as high as \$35 billion worldwide*

* Sumaila et al. (2013), Global Fisheries Subsidies, EU Parliament.

**\$20
billion**

About \$20 billion have been categorized as capacity-enhancing subsidies that directly contribute to overfishing

**\$83
billion**

More than \$83 billion is lost to the world economy every year because of the wasteful and inefficient ways the oceans are fished**

**World Bank (2016)
