The General Assembly,

Noting, in particular, that successive international development strategies and international economic negotiations have contributed only marginally to an improvement in the economic situation of the developing countries and, particularly, to the African continent, and that Africa remains highly vulnerable to the instability in the world economy,

Realizing that the African continent will benefit more if special economic measures are adopted for its development and are executed in a co-ordinated, consistent and sustained manner,

1. *Takes note with satisfaction* of the Lagos Plan of Action for the Implementation of the Monrovia Strategy for the Economic Development of Africa;

2. *Recognizes* that special measures should be adopted by the international community for the social and economic development of African countries, taking into account, *inter alia*, the contributions that the comprehensive and co-ordinated programme of special measures called for in the Lagos Plan of Action can make;

3. *Invites* the organs, organizations and bodies of the United Nations system, in consultation with the Organization of African Unity and the Economic Commission for Africa, to indicate in a comprehensive manner in their next annual reports to the Economic and Social Council the contributions that they can make, within

their areas of competence and within the indicated time-frames, to the achievement of the aims and objectives set out in the Lagos Plan of Action;

4. *Also invites* the non-governmental organizations in consultative status with the Economic and Social Council to submit to the Secretary-General, for transmission to the Council at its second regular session of 1982, suggestions for contributions that they may be able to make to the implementation of the Lagos Plan of Action;

5. *Urges* Governments, in the context of a general increase in official development assistance, as envisaged in the International Development Strategy for the Third United Nations Development Decade,⁷¹ to take into account the need for an adequate flow of resources for the effective implementation of the Lagos Plan of Action;

6. *Invites* the International Monetary Fund, the World Bank and the United Nations Development Programme, as well as other development banks or funds, actively to consider assisting in providing adequate resources which could contribute to the implementation of the Lagos Plan of Action;

7. *Requests* the Secretary-General, in consultation with organs, organizations and bodies of the United Nations system, to prepare a comprehensive interim report for submission to the General Assembly at its thirty-sixth session regarding the steps which have been taken to implement paragraph 3 above;

8. *Requests* the Secretary-General in this regard to submit to the General Assembly at its thirty-seventh session, through the Economic and Social Council, a report on the progress made in the implementation of the present resolution.
