CLUSTER 10: GLOBALIZATION AND DEVELOPMENT STRATEGIES - GDS

This cluster of activities contributes to the achievement of Subprogramme 1 (Globalization, interdependence and development) of the UNCTAD section of the United Nations strategic framework. The technical cooperation projects in the cluster cover diverse topics, including both research and capacity building activities, and are based on the need for sound economic analysis to inform policy making for improved economic governance. They draw on the research and analytical expertise of the Globalization and Development Strategies Division to deliver relevant and topical policy advice, linking policy analysis to technical assistance that builds capacities at the national level in support of the subprogramme objective of promoting economic policies and strategies that are supportive of sustained growth, inclusive and sustainable development, employment creation and poverty eradication in developing countries, Occupied Palestinian Territory (OPT) and economies in transition, and promote progress towards a durable solution to the debt problems of developing countries by fostering better understanding at all levels of the interplay between success development finance strategies. The projects will contribute to the achievement of the expected accomplishments of the strategic framework related to increased understanding of the global economic environment and of policy choices at the national and international levels, improved empirical and timely statistics. In the case of the OPT, the projects will contribute to improved policy and institutional capacities and enhanced international cooperation for the recovery and sustained development of the economy. The activities are consistent with UNCTAD's mandates.

CLUSTER 11: STRENGTHENING THE DEBT MANAGEMENT CAPACITY OF DEVELOPING COUNTRIES - GDS

This cluster of activities contributes to the achievement of Subprogramme 1 (Globalization, interdependence and development) of the UNCTAD section of the United Nations strategic framework for 2014-2015. It encompasses the activities of the Debt Management and Financial Analysis Systems (DMFAS) Programme in support of the subprogramme objective to promote economic policies and strategies at the national, regional and international levels that are supportive of sustained growth, inclusive and sustainable development, employment creation and hunger and poverty eradication in developing countries. These activities are designed to ensure the achievement of the expected accomplishment of the strategic framework in respect of progress towards a durable solution to the debt problems of developing countries by fostering better understanding at all levels of the interplay between success development finance strategies and effective debt management. The activities are grouped into two components: i) the core activities/projects of the DMFAS Programme, covering the development, maintenance and support of the products and services it provides to improve the capacity of developing countries and economies in transition to manage their public debt, and ii) the delivery of capacity-building products and services to developing countries, through specific projects with each country. The activities are consistent with paragraph 40 of the Accra Accord and paragraph 31 of the Doha Mandate.

CLUSTER 12: TRANSPORT AND TRADE FACILITATION - DTL

This cluster is instrumental to the achievement of the objectives of Subprogramme 4 (Technology and logistics) of the UNCTAD section of the United Nations strategic framework for the period 2013–2014. The projects under this cluster provide technical assistance and capacity building in the fields of trade logistics and Customs automation through Asycuda. Their outputs contribute to achieving the objectives and expected accomplishments stated in the strategic framework in terms of an “Improved efficiency of trade logistics of developing countries through, inter alia, strengthening of management of transport operations, coherent transit systems and trade facilitation, development and implementation of appropriate institutional and legal frameworks, active participation of developing countries in transport and trade facilitation negotiations, and increased number of countries using the Automated System for Customs Data (Asycuda).” These are in turn consistent with the mandates provided under Accra Accord paragraphs 107 and 164-168 and Doha Mandate paragraphs 31(l) and 56 (h), (i) and (j).

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>

Government of the Kingdom of Netherlands	Request to develop the automation of issuance, monitoring and control of phytosanitary certificates - ASYCER (developed by Ministry of Agriculture, Nature and Food Quality of the Kingdom of Netherlands) , in collaboration with the Ministry of Economic Affairs of the Kingdom of Netherlands and the Ethiopian Ministry of Agriculture and Revenue & Customs Authority.	2013-2015	Memorandum of Understanding signed. Solution implemented and accepted by all three entities. Project Document			

	Request by Ministry of Economic Affairs of the Kingdom of Netherlands to develop similar module for Uganda.		signed, activities ongoing.			
Regional Asia and Pacific T1DA,	ASYCUDA Support Mechanism for the Pacific (ASMP), in particular for, Fiji, Papua New Guinea, Samoa, Solomon Is., Vanuatu.	2013-2015	During this period, the ASYCUDA Programme responded by providing training, support missions or technical assistance project proposals (details may be provided upon request). In addition, TA projects have been signed and some extended.	Self-financed by Governments		
Euroasian Economic Union (EAEU), formerly the Eurasian Economic Community (EurAsEC)	Request to present the ASYCUDA system to the EAEU Secretariat and discussion on possible cooperation with the EAEU member states.	2013-2015	Presentation and demonstration of the ASYCUDA system delivered to former EurAsEC. Discussion on possible Cooperation activities performed which led to signing of a Memorandum of Cooperation signed. Discussions on implementation with EAEU under way. Funding required to initiate activities.	150'000	None	
World Customs Organisation (WCO)	Request to develop a Performance Indicator Module for Customs Administrations (known as ASYPM)	2013-2015	ASYPM Module presented at Capacity Building Committee of WCO	113'000		

			in April 2014. Module developed and piloted in Liberia. Project Document signed with DR Congo, activities launched. Funding required to disseminate to other ASYCUDA user countries			
International Air Transport Association (IATA)	Request to standardize data transfer between airlines and Customs administrations.	2013-2015	Memorandum of Understanding signed. Funding required to initiate activities.	321'500		
Convention on International Trade in Endangered Species (CITES)	Development of a module to regulate imports and exports of endangered species.	2013-2015	Memorandum of Understanding signed. Funding required to initiate activities.	1'020'000	None	
Office for the Coordination of Humanitarian Affairs (OCHA)	Development of a module to regulate imports and exports of Relief goods.	2013-2015	Memorandum of Understanding signed. Funding required to initiate activities.	802'000	None	
Kazakhstan	Request for implementation of ASYCUDAWorld.	2013-2015	Project Document drafted awaiting clearance and signature.	Self-financed		
Internal Audit Division, OIOS. AAE2011/340/1	Request to develop a new version of the ASYCUDA System, called Millennium, using the latest web-based technology.	2013-2015	A market survey was performed by UNOG/PTS. A business case was drafted and approved by the UNCTAD's ICT	13'666'672	None	

			Committee.			
World Customs Organisation (WCO)	Request to develop the ASYCUDA Data Model derived from the WCO Data Model which will facilitate data exchange for OGAs and economic operators.	2013-2015	Programme staff will participate in WCO's Data Model Project Team (DMPT) workshops. Funding required to initiate development activities.	113'000	None	
World Trade Organisation (WTO)	Request to develop an ASYCUDA Module to extract national Tariff data and import data for WTO member countries to comply with the WTO notification requirements.	2013-2015	Exchange of Letters of collaboration between UNCTAD and WTO. Funding required to initiate activities.	512'000	None	
Several ASYCUDA user countries	Request to develop an ASYCUDA Intellectual Property (IP) module in collaboration with US CBP.	2013-2015	Memorandum of Understanding/ Collaboration document being discussed.	1'160'000	None	

I

CLUSTER 13: ICT POLICIES AND APPLICATIONS FOR DEVELOPMENT - DTL

This cluster of activities contributes to the achievement of Subprogramme 4 (Technology and Logistics) of the UNCTAD section of the United Nations strategic framework for the period 2013–2014. These technical assistance activities support research, analysis and capacity-building in developing countries with regard to policy-making in the field of ICT (including the statistical measurement of ICT diffusion and usage) and its economic applications. The outputs of these projects help attain the objectives included in the strategic framework with regard to "increased access to and sustainable utilization of technology and knowledge, including information and communication technology" and the expected accomplishments of "improved awareness and adoption of national and international policies in the area of information and communication technologies". The activities included in this cluster are also undertaken to implement the mandates established under paragraphs 160 and 163 of the Accra Accord and 56 (q) of the Doha Mandate.

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>
---	--------------------------	-------------	--------------------------------------	--------------------------------	--------------------------	----------------------------------

China	Measuring the information economy, training workshop	January 2013	Implemented			
Dominican Republic (on behalf of Statistical Committee of the Americas)	Request capacity building on ICT measurement for Anglophone Caribbean	June 2014	Ongoing. Planning regional training course on the production of information economy statistics for September 2015.			
ECOWAS	Assistance in the building of capacities with regard to e-commerce legislation in the ECOWAS	August 2013	Implemented.

Latin America	Capacity building workshop on cyberlaw harmonization at the request of SELA/ACS		Regional workshop organized in September 2014 (Guayaquil, Ecuador)			

CLUSTER 14: CROSS-DIVISIONAL TRAINING AND CAPACITY BUILDING - DTL

This cluster is instrumental in the achievement of the objectives of Subprogramme 4 (Technology and Logistics) and Subprogramme 1 (Globalization, interdependence and development) of the UNCTAD section of the United Nations strategic framework for the period 2013-2014. The projects under this cluster, namely TrainForTrade, aim to enhance sustainable local capacity in the fields of trade, investment, tourism and other interrelated areas in developing countries and countries in transition. They do so through technical assistance and cross-divisional capacity building focusing on human resources development, training and networking support. These activities are consistent with the mandates provided under paragraphs 162 of the Accra Accord and 31(k) of the Doha Mandate.

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>
Benin	Request for TA in the field of TrainForTrade programme	July 2014	In discussion	To be defined		
Cabo Verde	Request for TA in the field of TrainForTrade programme	March 2014	Project attributed to others			
Djibouti	Request for TA in the field of TrainForTrade programme	June 2013	In discussion	To be defined		
Guinea	Request for TA in the field of Trade related issues	August 2014	In discussion	To be defined		
Nigerian Ports Authority	Request for TA in the field of port management (Port Training Programme)	July 2013	Implemented			
Philippine Ports	Request for TA in the field of port management	January 2013	Implemented			

Authority	(Port Training Programme)

Electronic Transactions Development Agency (ETDA) of Thailand	Request for TA to strengthen capacities on Legal Aspects of E-commerce and E-commerce for Practitioners in Thailand	March 2015	In discussion	90'000		90'000

CLUSTER 15: SCIENCE, TECHNOLOGY AND INNOVATION - DTL

This cluster of activities contributes to the achievement of Subprogramme 4 (Technology and Logistics) of the UNCTAD section of the United Nations strategic framework for the period 2013–2014. These technical assistance activities support (1) capacity-building in developing countries with regard to the design and implementation of effective national systems of science, technology and innovation and to support technology transfer and (2) South-south cooperation in science and technology. The outputs of these projects help attain the objectives included in the strategic framework with regard to "strengthened capacity to develop and increased access to and sustainable utilization of technology and knowledge" and the expected accomplishments of "Improved awareness and adoption of national and international policies in the area of science, technology and innovation, as well as information and communication technologies, notably to respond to technological changes, to implement effective domestic innovation policy, to support transfer and diffusion of technology, and to strengthen North–South and South–South cooperation in harnessing knowledge and technology for development including through capacity building". The activities included in this cluster are also undertaken to implement the mandates established under paragraphs 158 and 159 of the Accra Accord and the Doha Mandate §56 p and q.

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>
Lesotho	Follow up TA on STIP Review recommendations, implementation of national STI strategy, written request from Minister (2011), verbal requests at meetings of CSTD (2012, 2013)	2012, 2013	Pending identification of funding	715,000	0	715,000

Tanzania	Written request for assistance to set up a technology transfer centre	2015	Pending availability of funding, discussions ongoing with government	29,032	0	29,032

CLUSTER 16: PRODUCTIVE CAPACITIES IN LLDCS, SIDS AND STRUCTURALLY WEAK, VULNERABLE AND SMALL ECONOMIES (SWVSES) - ALDC

The Division of ALDC, drawing on the findings of its policy analysis and research, has identified Building Productive Capacities as key to sustainable development and poverty reduction in LDCs, LLDCs, SIDS and SWVSEs and hence will take the lead in the establishment of this Thematic Cluster starting in 2008. This cluster will focus on activities that promote economic restructuring, re-specialization and productive capacity building, taking into account implications emanating from these countries geographical handicap for the nature and structure of competitive economic activities and the composition of external trade. All existing and new TA projects related to this theme will be proposed for consolidation into a new multi-donors trust fund. The co-mingling of contributions in a multi-donor Trust Fund does not preclude the possibility of ear-marking contributions within each Trust Fund, insofar as this ear-marking is necessary.

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>
Angola	Request by the Government of Angola for a range of advisory services in the context of Angola's likely graduation from LDC category by end-2018. Official letter from the Permanent Mission of Angola to organize a training workshop, in Luanda, for senior Government Officials on issues related to Graduation from the LDCs' category	2013	Implemented July-August 2013. Further assistance ongoing	Self-financed		
Bangladesh	Request by the Bangladesh Foreign Trade Institute (BFTI) for UNCTAD's assistance in conducting a national event on two subjects of particular interest to the country: the role of Bangladesh's diaspora in the development process, and the question of graduation from LDC category.	May 2013	Implemented

Cambodia	Request by the Ministry of Commerce for assistance to improve policies and strategies to meet international food safety and quality standards in fisheries exports	22 June 2015	Cambodia is part of the countries covered by DA project			
Sudan	Request for UNCTAD to undertake training activities on the development of productive capacities, especially in the fields of structural transformation, rural development and industrial policy	18 November 2014	Under consideration, pending identification of funding sources	Mission cost: 3'000 Workshop venue (if not provided by partner / government): 2'000	0	5'000
Sudan	Request for UNCTAD to undertake training activities on remittances and diaspora policy	January 2013	Implemented in February 2013			
Colombia	Request for training on the post-2015 development agenda, the SDGs and local authorities' role in the process	April 2015	Implemented in May and August 2015			
Angola	Request for UNCTAD training on productive capacities, economic growth and poverty reduction	January 2013	Implemented in April-May 2013			

Ethiopia	Request for UNCTAD to critically assess the country's diaspora policy and to provide suggestions on how to further develop and deepen it	January 2013	On-going; three consultancy papers already commissioned; final High-Level Seminar likely to take place in second half of 2015	Consultant papers: 33'000 Mission cost: 2'500	26'000	9'500
Nepal	Request for UNCTAD to design and deliver training on the post-2015 development agenda to officials from government, CSOs and private sector	April 2014	Implemented in October-November 2014			

**CLUSTER 17: STRENGTHENING SUPPORT FOR TRADE MAINSTREAMING INTO NATIONAL DEVELOPMENT PLANS
AND/OR PRSPS IN LDCs IN THE CONTEXT OF THE EIF - ALDC**

Country ownership continues to be a central plank of the EIF because of its direct impact on countries' performance in implementation and on concrete results and benefits to be derived from the IF. Trade Mainstreaming into national development plans and or PRSPs contributes not only to raising the profile of trade in the national development strategies but it is an excellent instrument for strengthening country ownership and in turn facilitating the implementation of concrete projects from DTIS Action matrices. The concrete implementation of trade mainstreaming is dependant on the elaboration of an underpinning trade policy framework that could be used by LDCs governments to select and prioritize trade reforms and trade policy objectives that may lead to bankable projects.

UNCTAD assistance under this cluster will proactively focus on tailored support to country efforts in the formulation of such trade policy framework as basis for identifying and sequencing trade priorities. This assistance will aim at capacity building for in-country implementation of the EIF since lack or insufficient capacity has been recognized as a serious weakness which needs to be addressed to realize the potential of the IF and make the maximum use of the additional and more predictable funding available under the EIF.

<i>Country/Region/ Institutions</i>	<i>Origin of request</i>	<i>Date</i>	<i>Comments Division/ Status</i>	<i>Total Budget (US\$)</i>	<i>Funds secured</i>	<i>Funds to be mobilized</i>
Benin	Request for support in the drafting/implementation of the EIF tier 2 on "Strengthening Productive and Trade Capacities"	2013	Ongoing, recruitment of consultants	404'460	404'460
