

Generalized System of Preferences

APPENDICES

NOTE

These appendices form integral part of the Generalized System of Preferences Handbook on the Scheme of Japan (UNCTAD/ITCD/TSB/Misc.42/Rev.6). Due to their volume, the appendices are available online only.

The Handbook was prepared by the Trade Negotiations and Commercial Diplomacy Branch, Division on International Trade and Commodities, UNCTAD, in order to allow officials and users responsible for, or involved in, the Generalized System of Preferences (GSP) issues to gain a better understanding of the GSP scheme of Japan.

Products are described in terms of the Harmonized Commodity Description and Coding System, commonly known as the Harmonized System, upon which the Japanese customs acts are based. However, matters involving technical interpretation of the GSP will need to be determined in consultation with the provisions of the relevant Japanese customs acts and regulations.

The Handbook seeks to serve as general guide to the Japanese GSP scheme and not intended to provide legal advice. Any inquiries in this regard should be addressed to:
